vote!

Oregon votes by mail. Ballots will be mailed to registered voters beginning April 29.

BEV CLARNO
SECRETARY OF STATE

ELECTIONS DIVISION
STEPHEN N. TROUT
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the **May 19, 2020**, Primary Election.

Primary elections serve two main purposes. The first is for all voters to be able to cast ballots for candidates for nonpartisan offices like judges and some county and other local offices. The second is for the voters registered with a major political party to select their nominees for partisan office like US President.

Those registered as not affiliated with a political party, or registered with a minor party (Constitution, Independent, Libertarian, Pacific Green, Progressive, Working Families) will receive a ballot that includes only nonpartisan offices. The US Supreme Court has ruled that political parties get to decide who votes in their primaries so unless you are registered as a Republican or Democrat you will not have candidates for President or any partisan office on your May Primary ballot. You will have them on your November 3 ballot.

The biggest threat we have to elections today is misinformation. It can be found in many sources – social media, mainstream media, email lists, text message chains and mailers. Misinformation can even be spread through candidate statements in this voters' pamphlet. Candidates pay a fee to have the statements printed and they are not fact checked. In fact, Oregon courts have ruled they cannot be fact checked.

We recognize that with unlimited sources of information it can be challenging to find information that is accurate and trustworthy. Fortunately, there are some simple questions you can ask yourself to help identify misinformation: 1) Is there any data or evidence presented to support the information? 2) Does this information seem designed to push my political buttons? 3) Is there something about this information that doesn't seem right or too bizarre to be true? 4) Who is sharing this information? 5) Does this individual or group have an agenda? Be an informed voter and don't believe everything you see or hear.

Ballots will be mailed beginning April 29. After you have filled out your ballot, you can return it by mail or take it to any official drop box. If returning by mail, no stamp is necessary because, under a new law, the postage has been pre-paid by the state. Remember your ballot must be physically received at a county elections office or in an official drop box by **8 pm May 19**. Postmarks do not count! To track your ballot or to find your nearest drop box, visit oregonvotes.gov/myvote.

My goal as Secretary of State is to maximize voter participation and access while ensuring election integrity so that our democracy can be strong and vibrant. You can have confidence that our elections are secure and accurate and that every vote counts. I encourage you to study the issues, make your voice heard and participate in all elections.

Sincerely,

A handwritten signature in black ink that reads "Bev Clarno". The signature is written in a cursive, flowing style.

How do I vote in Oregon?

In Oregon, we vote by mail. There are no polling places. Instead you can complete your ballot anywhere you choose. There are privacy booths available at your county elections office.

Your county elections office will automatically mail you a ballot packet for every election that you are eligible to vote in. Inside the packet, you will find the ballot and instructions on how to complete and return the ballot. [Follow the instructions!](#)

What if my ballot doesn't come?

For this election your ballot packet will automatically be mailed to you between **April 29** and **May 5, 2020**. If you have not received your ballot packet by **May 8**, call your county elections office.

What if I've moved?

Ballots are not forwardable. If you were registered to vote by **April 28** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

How do I get a ballot if I will be out of town when ballots are sent?

Absentee ballots are available 45 days before the election. You must complete the Absentee Ballot Request Application at oregonvotes.gov/myvote or call your county elections office.

Can I vote online?

There is no online voting in Oregon. A ballot may be emailed to a military or overseas voter, but there is no website where you can cast a ballot.

Why are there no Presidential Candidates on my ballot?

If your ballot does not include candidates for US President it means you are not registered to vote as a Republican or Democrat. Oregon law allows major political parties to decide who can participate in selecting the candidates who will represent the parties at the general election.

For the 2020 Primary only registered voters of the Republican Party or Democratic Party may choose that party's nominees. Candidates for US President will appear on the ballot you receive for the general election.

Do I have to vote on every office or measure?

No. You don't have to vote on every contest. Those you do vote on will still count.

What if I make a mistake, damage or lose my ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot.

Can I change how I voted?

If you have not yet returned your ballot, you can change how you voted. Follow the instructions included with your ballot. Once you have put your ballot in the mail or official drop box it is considered cast and cannot be changed.

How do I return my ballot?

You can return your ballot by mail or take it to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

Do I have to pay postage?

If returning by mail, no stamp is necessary because the postage has been pre-paid by the state.

What is the deadline for me to return my voted ballot?

Your voted ballot must be physically received by a county elections office or be in an official drop box by **8 pm, Tuesday, May 19**. **Postmarks do not count!** County elections offices are open election day from **7 am to 8 pm**.

Will my ballot be counted if I forgot to return it in the secrecy envelope or sleeve?

The county elections office will maintain the privacy of your ballot if you forget the optional secrecy envelope or sleeve and your ballot will still count.

Why do I have to sign the outside of my ballot return envelope?

Your signature is a security measure used to verify identity. County personnel who have received training in forensic handwriting analysis compare it to signatures in your voter registration record. Your ballot may only be counted if the signatures match.

If your signature does not match the county will notify you. You will have until 14 days after the election to prove you were the one who signed the envelope.

Can I ask a family member to sign the envelope for me?

Only the voter may sign the ballot return envelope. Power of Attorney documents do not apply to voting. If you cannot sign your name you may use a signature stamp or other indicator as your signature. Contact your county elections office for more information.

What if I forget to sign the return envelope?

If you forget to sign your ballot envelope the county will notify you. You will have until 14 days after the election to sign the envelope.

Is my vote really kept secret?

Yes, how you voted is secret, but whether or not you returned your ballot is public record. To ensure your vote remains a secret, your ballot is separated from the return identification envelope before it is reviewed. County elections officials only review and count your ballot after verifying your signature.

How can I track my ballot?

As a registered voter, you can track the status of your ballot at oregonvotes.gov/myvote.

What is a Provisional Ballot and why do I need one?

If there is a question about your eligibility as a voter or you need to vote at a county elections office in a county other than the one you live in, you will be issued a provisional ballot. In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office. Your provisional ballot will not be counted until it is determined that you are eligible to vote.

When will election results be known?

Initial results are released at **8 pm** election night and will continue to be updated through election night. Final certified results will be available 30 days after the election.

How do I file a complaint?

Any registered voter may file a written complaint alleging that a violation of an election law has occurred. The complaint should provide evidence showing a violation. The complaint must be signed by the elector. Anonymous complaints will not be accepted. The complaint should be sent to:

Secretary of State, Elections Division
255 Capitol St NE, Suite 501
Salem, OR 97310

Would you...

give someone going door to door your ballot to put in a drop box for you?

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. Don't be fooled.

believe a talk radio personality who says your political party is changed when you go to DMV?

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. Don't be fooled.

believe a story that non-citizens are registered to vote when they get a driver's license?

Not true. Only individuals who show proof of citizenship at DMV are automatically registered to vote. Don't be fooled.

believe a social media post, phone call or text message that your voter registration has been cancelled?

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. Don't be fooled.

register to vote on a website you saw on social media instead of registering at the official Secretary of State site, oregonvotes.gov/register?

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. Don't be fooled.

trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, oregonvotes.gov?

Not safe. Only use official information located on the Secretary of State's website or your county elections website. Don't be fooled.

believe a social media post that says your ballot can be rejected without you knowing about it?

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at oregonvotes.gov/myvote. Don't be fooled.

believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?

Not true. All ballots are due by 8 pm, Tuesday, May 19, 2020. Don't be fooled.

believe a picture on social media with the same candidate listed twice and another candidate missing?

Not true. People have photoshopped ballot images before. Don't be fooled.

believe a headline that says it is too late to secure the upcoming election?

Not true. Election security in Oregon has never been stronger and is continually being improved. Don't be fooled.

Don't Be Fooled

Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. They're secure, not because there aren't any threats, but because we have detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has been conducting onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

Am I qualified to register to vote in Oregon?

You are qualified to register to vote in Oregon if you can answer yes to the following questions:

- Are you a resident of Oregon?
- Are you a US citizen?
- Are you at least 16 years of age?

If you are not yet 18 years of age, you will not receive a ballot until an election occurs on or after your 18th birthday.

How do I register to vote in Oregon?

To register to vote you can complete a registration card or use the online process available at oregonvotes.gov/register.

Registration cards are also available at any county elections office, the Secretary of State's Office, and some state agencies such as the DMV. Contact the Secretary of State's Office for a large print version of the registration card.

What identification do I provide?

You must provide your valid Oregon Driver's License, Permit or ID number. A suspended Driver's License is valid, a revoked Driver's License is not valid.

If you do not have valid Oregon ID, provide the last four digits of your Social Security number.

If you do not have a valid Oregon ID or Social Security number you can find a list of acceptable alternative identification online at oregonvotes.gov.

What is the deadline to register to vote for this election?

To vote in the **May 19, 2020**, Primary Election, your completed voter registration card must be:

- postmarked by Tuesday, **April 28**; or
- delivered to a county elections office or voter registration agency (e.g., DMV) by Tuesday, **April 28**.

If you register to vote online, your registration must be submitted by 11:59 pm on Tuesday, **April 28**.

When do I need to update my voter registration?

You should update your registration if you move, change your name, signature or mailing address, or want to change or select a political party.

You can provide the new information online at oregonvotes.gov or by completing and returning a voter registration card to your county elections official.

Do I have to register with a political party to vote?

No you do not. However, by joining a political party you are able to select the party's candidates either by voting in a party's primary election or by participating in other nomination processes.

If you do not select a political party you will still receive a ballot for every election you are entitled to vote at. However, the ballot you receive for a primary election will only include nonpartisan offices and ballot measures.

Address Confidentiality Program

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General. For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-acp/> or call **888-559-9090**.

Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis. The Working Families Party did not submit a statement for the 2020 Primary Election.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must have been registered members of the party since September 12, 2019, in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2020 Primary Election** is:

T, R, B, H, M, S, J, F, W, P, O, G, L, U, X, Z, E, D, K, Y, N, C, I, V, A, Q

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

Republican candidates by position in ballot order

Democratic candidates by position in ballot order

nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Constitution Party

All our nominees are pledged to defend the following three Principles, (1) The Creator God in heaven, made known to us through the Holy Scriptures, rules in the affairs of men and is the ultimate King, Lawgiver, and Judge of all mankind. He is to be honored and His Word is to be heeded if we expect to receive His blessing on the works of our hands individually or corporately; (2) the Family is the first and highest civil institution designed by God to propagate, educate, and nurture human life. Both Church and State are to support and defend that institution; and, (3) God has assigned the first priority of civil government to protect innocent human life from conception to natural death, to protect freedom of conscience, and to protect private property.

We are pleased to offer you a true choice in the candidates we present to you.

No longer do you need to vote for the incrementally lesser of two evils. When you see one of our candidates on your General Election ballot, you can know that they stand for what is right, not what is just politically expedient. They are all committed to restoring the Constitutional Republic that our Founders gave us. Our candidates are not backed by moneyed interests. Typically, you will see them on the ballot only, not here in the voter's pamphlet, which would cost each candidate lots of money.

To provide you this choice we must satisfy Oregon ballot access requirements. This forces us to run at least one statewide partisan candidate each election cycle and achieve a minimum percentage of the vote or we must have a minimum number of voters registered with our party. Please help us avoid the unfortunate need to run our good candidate against another party's good candidate, by registering with us to meet the other requirement. Do it immediately after the Primary Election.

The Constitution Party of Oregon maintains that our true heritage is freedom.

God-fearing men founded our nation. They wanted freedom from human tyranny. They wanted to obey the dictates of their consciences in accordance with the Bible. Oregon's history as a state is rooted in the desire of Native Americans to have the truth of the Book of Heaven, as they called the Bible. There are memorials on the capitol grounds of Oregon reminding us of the part that missionaries had in the formation of our state's civil and educational institutions. We know that the first missionary to Oregon, Jason Lee, was truly the Father of Oregon, assisting in the drafting of our state constitution and founding Willamette University that began as a mission school for Native Americans.

Government derives its just powers from the consent of the governed.

Oregon Constitution, Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

Our rights are inalienable, coming from the hand of the Creator.

Our system of laws is based on the Judeo-Christian moral code.

The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States.

Vote your conscience; don't vote out of fear or greed!

You rarely hear from us, because it takes money to do mailings and we don't have your email address or phone number. If you pay Oregon income tax you can make a refundable gift of \$50 (couples can give \$100) to the Constitution Party of Oregon every year, even if you are unable to volunteer in any other capacity. Please consider doing this. Call for details. Hope to hear from you soon...

Democratic Party

The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.

Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like health care, good jobs for Oregonians, equal pay, education, and clean energy.

Oregon Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. This election year gives us the opportunity to take back our nation and continue making progress here at home.

In Washington, D.C., and in Salem, Democrats are passing legislation to support working families, are trailblazers on expanding access to the ballot, and are fighting for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

Oregon Democrats Stand For:

A right to health care for all
 Quality public schools
 Protection for labor unions and workers' rights
 Action to respond to climate change
 Humane immigration reform policies
 Racial and gender equality
 Protecting Social Security and expanding access to pensions
 Growing good jobs for Oregonians
 Criminal justice reform
 LGBTQ+ rights
 Gun safety measures
 Campaign finance reform
 Voting rights for all
 Civil rights for those living with disabilities
 Reproductive freedom

NOTICE OF ELECTION

INDEPENDENT PARTY OF OREGON (IPO)

WILL HOLD ITS 2020 PRIMARY ELECTION FOR OREGON STATEWIDE OFFICES AND PRESIDENTIAL PREFERENCE POLL

ONLINE: APRIL 28 - MAY 12, 2020

INDEPENDENT PARTY MEMBERS AND NON-AFFILIATED VOTERS CAN VOTE AT:

>>> WWW.INDPARTY.COM/VOTE <<<

In 2020, the *ONLY* way for Independent and non-affiliated voters to cast primary votes for partisan statewide offices or express their preferences for President of the United States is to VOTE in the IPO statewide primary election.

The Independent Party's 2020 Primary Election for Statewide Offices and Presidential Preference Poll is not part of the state's May Primary election and is not paid for by taxpayers.

Voters who would like to pre-register to vote and provide verification information can go to www.indparty.com/register.

The Independent Party is Oregon's third-largest political party, with over 124,000 members. Our mission is to represent the interests of Independent and non-affiliated voters by promoting public policies that have broad support but have difficulty gaining traction in government.

Voters who are interested in learning more should visit our web site: www.indparty.com

INDEPENDENT PARTY OF OREGON (IPO):

- is the fastest growing party in Oregon, adding over 124,000 members since 2007.
- is not a fringe party (about 6.5% of all local office holders--city council members, commissioners, mayors--are IPO members.
- supports policies that are good for all citizens, even when it means we share in some sacrifice.
- is fiscally responsible, environmentally aware, and anti-corruption
- is fighting to stop big money from buying government policy at all levels of government.

**If you agree, send a message: CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY.
Search: "Oregon voter registration" and click on "Update"**

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment from all types of insult, including emission of climate-changing gases.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

2020 PLATFORM

Our 2020 expanded platform (www.indparty.com/platform) is based on our member surveys. It aligns public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental protection.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. In contrast, our small-donor democracy program provides support services for first time candidates.

WE ARE HAVING AN IMPACT

In 2018, we printed and distributed the main piece of literature to Portland voters in favor of the campaign finance reform measure on the November ballot. It won with a "yes" vote of 87.4%. It limits campaign contributions and requires that political ads name their largest funders.

At the Oregon Legislature, we have led the effort for real campaign finance reform--not the ineffective bills passed by the Democratic majority. Still, The Center for Public Integrity (2015) ranked Oregon's campaign finance system as the worst in America – except for Mississippi.

We have for years urged the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats will confront them. EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party

The Libertarian Difference

When you vote for someone, do you typically support what the candidate says, or are you more often voting against someone you think will make things worse?

Did a promise for “hope and change” become more of the same? Did a promise to “make America great again” mean forgetting civility? Does it seem like government isn’t listening to the calm voices explaining that well-meaning policies have real, serious, undesired consequences? That they might make things worse, not better?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats and Republicans who think they know how to spend your money better than you do and who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Pacific Green Party

Here we go again with the false choices presented by the two party system! By the time Republicans and Democrats are done stacking the deck, too many Oregonians will be left voiceless in November, with no candidate who truly represents their views and interests.

Elections fail from the start if they don't offer choices for all the voters. That's why so many choose not to vote. But giving up is not the answer - fight back and find your voice!

The Pacific Green Party is Oregon's choice for the Four Pillars of the global Green movement:

Peace

- Democrats and Republicans believe Congress has unrestricted authority to wage wars, that US interventions benefit other countries, and that western values are inherently good for other people. Both have a long track record of enacting criminally aggressive foreign policy whenever they have controlled government.
- The PGP knows authority over war, sanctions and other acts against national sovereignty is vested only in the UN Security council. Under Article VI of our constitution, we must abide by our treaties and adhere to the UN Charter and Declaration of Human Rights. We will end the wars, coups and aggressive sanctions against Syria, Afghanistan, Libya, Russia, Iran, Yemen, Venezuela and elsewhere. We oppose colonialism and support the BDS movement and Palestinian right of return. These are our responsibilities as US citizens!

Social Justice

- Democrats and Republicans love incremental changes that allow a very few oppressed people to share wealth and power, while the vast majority receive lip service but no tangible result.
- The PGP seeks to end discrimination based on class, race, gender orientation, disability, age, spiritual belief, and all other forms of cultural fragmentation. We understand that this means dismantling the systemic institutions which perpetuate these ills. We support single payer, respect for Native sovereignty, free in-state college tuition, and the rights of all marginalized people. We oppose income inequality, mass incarceration, the drug war, ICE breaking up families, and regressive taxation. We should all be treated fairly and share in the wealth!

Ecological Wisdom

- Democrats are acting like they invented the Green New Deal. Greens introduced that to US politics ten years ago; all Democrats did was water it down. Their pretense is no alternative to the disastrous policies of the Republicans. We don't have time to fool around!
- The PGP is unequivocal in our strong support of sustainability. We oppose LNG infrastructure, coal transport and export, and aerial spraying. We advocate state regulation of greenhouse gas emissions from all sources, including carbon taxes with no cap-and-trade loophole and aggressive new fuel efficiency standards for automobiles. We call for the closure of all remaining nuclear reactors in Oregon. Ban clearcutting and keep our beautiful state forests public!

Grassroots Democracy

- Democrats and Republicans use money as a substitute for the popular will. That's why they love a system where the wealthy and powerful can sidestep weak campaign finance regulation and lavish millions on candidates representing their interests. Other candidates amount to token opposition, allowed to make a show of protest with little chance of assuming power.
- The PGP is not a "protest" party! By giving the voters more choices, we are working to fix the system at its foundation. We don't take corporate money. We use grassroots organizing with the goal of getting the people out of the margins and into control. We were instrumental in circulating the successful ranked-choice-voting initiative now being implemented in Benton County. We are serious about achieving our goals!

Do these sound like your goals too? Join us! We don't need big money, but we do need you. Get started at our website, pacificgreens.org, and @pacificgreens on Facebook and Twitter. Register Pacific Green, find your local chapter or start a new one, and get involved! Your power is in what YOU do.

Progressive Party

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

As a "minor" party, we are not allowed to use the state-run primary election to nominate candidates. We nominate them at Oregon Progressive Party meetings over the summer (3rd Mondays). But we do endorse these candidates in the primary election:

OREGON ISSUES

Real Campaign Finance Reform: Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to \$50 million in 2016 to \$71 million in 2018.** Winning a contested race for the Legislature (about 14,000 votes needed for a House seat) now typically costs over \$750,000 and sometimes over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in control of "Political Financing" to avoid corruption, beating only Mississippi.

Get involved at honest-elections.com.

Invest in Oregon: Oregon's \$103 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of being sent to vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations.

Republican Party

Oregon is in decline under Democrat leadership

Upon her election Governor Kate Brown promised to increase state government transparency and represent the needs of all Oregonians. Instead, with the help of key Democrat legislators, she has blocked access to public information and repeatedly exhibited a blatant disregard for the will of the voter, even to the point of denying voters their right to vote on issues.

When she does not get her way legislatively, she bypasses the legislative process with executive orders to implement policies that destroy the lives and livelihoods of 10s of thousands of Oregon families, such as happened with Cap and Trade, which does nothing to improve the environment, but will cost Oregonian's dearly every year. Meanwhile, pressing issues like homelessness and the PERS crisis go unaddressed.

Her style is that of a corrupt dictator looking after their own special interests while pursuing a highly partisan agenda driven by out-of-state interests that allows for no compromise. This arrogance and overreach has resulted in eroding freedoms and opportunity for Oregonians and has earned her the rating of 4th most unpopular governor in the U.S. This long line of abuses and toxic political environment can no longer be tolerated by Oregonians.

It is time to replace the governor and her enablers in the legislature.

Help restore Oregon by becoming a PCP in your county

Over 700,000 registered Republicans make up the grassroots of the Oregon Republican Party. Precinct Committee Persons (PCPs) are chosen from among those Republican voters to organize and advocate for Republican principles in their own neighborhoods and communities. They volunteer to help elect Republican candidates to office.

The PCPs also control the Oregon Republican Party. They elect the office holders in their county Republican party, who in turn set policy for and elect the officials of the state party. The PCPs also select the delegates to the state and national Republican conventions.

PCPs, and the county party officers they elect, are the primary organizing and directing force for the thousands of additional Republican volunteers who rise up from the electorate to work on behalf of Republican principles and candidates.

Principles that will allow Oregon to prosper again

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity. A free market economy is required for a free people.

As a registered Republican we invite you to join us in restoring Oregon!

Fellow Americans,

Nothing is more important to me than putting America first, fulfilling the promises I made when I first announced my candidacy over four years ago.

Under my administration, Congress passed historic tax cuts and relief for hard-working Americans. The Tax Cuts and Jobs Act is the first major tax reform signed in 30 years, providing tax relief for 82% of middle-class families and doubling the Child Tax Credit.

Since you elected me to be your President, our administration's pro-growth policies have generated 6 million new jobs, the unemployment rate has fallen to its lowest point in 50 years, and wages have grown at more than 3% for 10 months in a row. The manufacturing industry created nearly half a million new jobs, with 625,000 new construction jobs being created since I took office.

With my leadership, we also launched Women's Global Development and Prosperity (W-GDP) Initiative, the first-ever whole-of-government approach focused on advancing women's full and free participation in the global economy and allocated \$50 million for the fund.

My administration is also ensuring our Veterans get the services they need and deserve. This started by signing the Veterans Accountability and Whistleblower Protection Act to allow senior officials in the Department of Veterans Affairs (V.A.) to fire failing employees and establish safeguards to protect whistleblowers

One of my proudest moments in office was in August 2017, when I signed the Harry W. Colmery Veterans Educational Assistance Act, this funded the post-9/11 GI Bill, which provided educational benefits to veterans, service members, and their family members, including tuition, fees, books, housing, and additional costs.

It has been a privilege and an honor to serve as your President, and I look forward to serving you for the next four years.

Keep American Great!

I'm an "America 1st, Oregon 1st" candidate. I support the Republican Party platform, 2nd Amendment, right-to-work, legal immigration, medical freedom, right-to-life, term-limits, Social Security repair and campaign contribution reform. All Oregonians are feeling the same pain and together we can build on common ground.

Growing up in Oregon since the 5th grade I know what we want and need. I've worked my entire life. No easy road but plenty of hard honest work. As a single parent of five, I understand its struggles and difficulties and will actively engage in social issues. Jobs and affordable housing, while cutting regulations and over-taxing of businesses, are survival imperatives to help Oregonians and reduce our homeless population.

Our timber industry must become a restoration priority supporting properly managed lands. I have knowledge and a plan for doing so.

The current Socialist agenda in the Oregon Democratic Party is chipping away at our freedoms and liberties one Progressive law after another. This being a Presidential election year is the last best hope for Oregon to return to a true Participatory Democracy - Not a one party state.

My race alone will not secure all we want. We must bring balance back to Oregon. I actively help candidates through the Resurgent Republican movement in every Legislative race.

I will support our President and Party while adhering to our Constitution, Bill of Rights, and the Rule of Law. Only in unity can we restore Oregon as a state of the people, by the people, and for the people!

DO YOU WEAR SANDALS ?

Sadly, this pamphlet satisfies the **weak minded** who crave liberal **virtue signaling** given by people like **hyper-partisans Kate Brown** and **Jeff Merkley** who both prefer **selective meaningless outrage** to actual problem solving.

OR BOOTS?

An example of **working hard** are the **#timberunity** folks who sacrificed time to drive to Salem and straighten things out. Thanks guys, **we owe you.**

Firearms:

I worked legislatively with **Derek LaBlanc** (google Derek LaBlanc Oregon), founder of the **Kids S.A.F.E. Foundation**. Derek designed legislation teaching Oregon 1st graders **safety** around unsecured firearms.

Portland legislators killed the bill because it lacked mandatory trigger locks. **Amazingly irrational reasoning.**

Type 2 Diabetes:

An **epidemic** and food stamps pays for soda. That's **utterly ridiculous on every level** and should **disqualify federal legislators** from any health care policy making. It's one example of **colossal governmental ignorance** that disproportionately **punishes low income children.**

7 Billion food stamp dollars spent on **soda** in 2016. In return, people get **diabetes, obesity, tooth decay,** and massive **health care expenses.** **GOVERNMENT STUPIDITY AT ITS MOST INVINCIBLE,** like many other policies of **Brown and Merkley.**

Some people don't like me, the same ones who call my neighbors white privileged fascists because they enjoy firearms, attend church and don't step over the homeless to drink \$6 lattes every morning (that's you **Portland**). Get yourself together, **your embarrassing us.**

Democrat history is **pro-slavery, pro-KKK, anti women's suffrage,** etc. You shouldn't be surprised that today's **Democrats** want **gun confiscation, socialism and legally enforced random pronoun usage.** We deserve explanations but between using **arbitrary pronouns** and not knowing **what "food" means** they are obviously **struggling with words.**

Anyone who's put on work gloves to clean up a mess knows you tackle the big things first.

ENSURING WE PRESERVE

ACCOUNTABILITY, TRANSPARENCY, AND INTEGRITY FOR THE PEOPLE OF OREGON

Kim Thatcher will carry on and strengthen reforms enacted when Oregon voters elected Secretary of State Dennis Richardson in 2016 to restore **Accountability, Transparency, and Integrity** to state government. Republicans, Democrats, and Independent voters heard the call that our Secretary of State should:

- Be effective and impartial in administering fair elections where everyone who has the right to vote has the opportunity to vote, and that citizens seeking to change their government have the support they need to access their constitutional right of the initiative and referendum process.
- Use the power of the Audits Division to identify critical financial and performance concerns at every level of government, from Cities and School Boards to State Agencies, and use the findings to make recommendations that ensure critical services are delivered, and taxpayer dollars are well-spent.
- Promote the success of Oregon's 400,000+ businesses and provide the technical assistance they need to grow and thrive.
- Preserve the public record in a manner to create transparency for citizens and the media, so government operations and the funding used for those public programs are understood by the public.

"As our next Secretary of State, you can expect that I will work to preserve and expand upon Dennis' legacy, which voters from all parties now expect and deserve from that office." – Kim Thatcher

State Treasurer

Jeff Gudman

Republican

Occupation: Financial Analyst, Investor

Occupational Background: Treasurer, Controller

Educational Background: MBA in Finance and Management,

Wharton School of Business, University of Pennsylvania; BA in Economics, Pomona College

Prior Governmental Experience: Lake Oswego City Council, Lake Oswego Budget Committee

Community: Past Treasurer of the Legacy Emmanuel Hospital Foundation, Past Treasurer of USA Olympic Swimming, Past Chair of Northwest Pilot Project, Past Chair Financial Executives International Portland Chapter.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I established myself as a budget hawk. With my fiscal leadership, we were able to fund our priorities **without raising anyone's taxes**. We dramatically reduced our unfunded liability for road maintenance, rebuilt our operations and maintenance center, and rebuilt city hall and the police station – **All without asking for a dime.**

Real World Experience

I have been Treasurer of the Legacy Emmanuel Hospital Foundation, USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

"As State Treasurer, I won't just count the money – I'll make your money count."

Character, leadership and real experience matters!

"I'm an independent minded constitutional republican who believes in security first, protecting our children is the key to our future, supporting Oregon families and small businesses leads to public prosperity, defending private property rights is like defending our borders, respecting seniors for their experience, and less state government will result in the attainment of life, liberty and the pursuit of happiness."

Brian says stop the gimmicks and stop the globalist sellout.

Brian says manage our forests, manage our natural resources, manage our environment, and make Portlandia manage its own energy & carbon fuel consumption.

Brian says safety and security is the first responsibility of government.

Brian says Oregon needs local jobs not government handouts.

Brian says save Oregon for our children not from our children.

Brian says small businesses and property owners are over regulated by government bureaucracy from Salem.

Protecting Oregon's Families**

About Harmony Mulkey

A native Oregonian, and Washington County resident for over 12 years, Harmony Mulkey is a work-from-home mother and active community volunteer. Mulkey is a passionate volunteer, board member, and foster care advocate. As Senator, she will represent Oregonians from all backgrounds and bring a fresh voice to the Legislature. She and her husband live in Aloha with their three children.

Focus on Foster Care Youth

As a former therapeutic foster parent, Harmony is passionate for families. She will fight for Oregon's foster care youth and work to ensure that Oregon's most vulnerable children are cared for. She understands the value of early life skill development.

Real Options

Choice is critical for all Oregonians. Freedom in how we choose to live cannot be stymied by overregulation. This applies to many pressing statewide issues. Harmony has proven to be a well-spoken advocate for two of those choices: medical freedom, and choosing life.

Quality of Education

Harmony believes the process to balance our State Budget must begin with education. K-12 funding cannot keep getting bumped to the end of session by the majority.

As a parent of children in elementary school, Harmony is dedicated to preventing comprehensive sexual education (CSE) curriculum, which pushes a progressive agenda and indoctrinates small children in the public-school system. As your Senator, Harmony will work with families and educators to maintain choice in education.

"Super majority control by one party is bad for Oregon because other voices are ignored. Oregonians like me are not represented in the legislature, and I want to change that." – Harmony Mulkey

Putting Our Families, Our Children and Our Communities Above Politics

I am honored to be your voice at the Oregon State Capitol. As your representative, you'll always know where I stand. My time living and serving in the Willamette Valley has provided me with a unique understanding of our community's issues and the importance of being a leader who listens and looks for common ground. I will continue to stand up to partisan politics that are divisive and work hard to provide strong leadership that represents our common-sense values.

As your State Representative, my goal is to always set the standard with regard to our State’s policies. During the upcoming legislative session, Oregon will need to work together to address several issues facing our State, including:

- affordable housing and homelessness
- rising health care costs
- child welfare and our foster system
- environmental sustainability for future generations
- a thriving economy for our working families and small businesses

I will continue to listen and seek common ground to provide the strong leadership that represents our common-sense values and creates a brighter future for Oregon.

BILL POST: WORKING FOR YOU

I’ve spent my career speaking, and I am honored to speak for you in the Legislature. Since you first elected me in 2014, I have worked hard to bring your ideas and values to the Capitol.

Even with a divisive supermajority, I was able to work on and pass important legislation:

- Made our roads safer
- Strengthened public indecency laws
- Supported veterans
- Removed governmental red tape for farmers
- Made housing more affordable and accessible
- Established permanent Daylight Savings Time with the approval of Congress
- Promoted more affordable healthcare

Most importantly, by joining the House and Senate Republicans in denying quorum in the 2020 Session I helped stop the costly cap and trade bill that would devastate rural Oregon.

BILL POST: VOICE OF ACCOUNTABILITY

There is still much to be done and I ask for your support as I continue to represent and fight for our shared values in the Oregon Legislature:

- **Use taxpayer dollars wisely** by prioritizing spending and balancing budgets.
- **Stop government growth** and promote small business growth.
- **Strengthen and support our economy** WITHOUT imposing more taxes.
- **Protect** our second amendment rights.
- **Support law enforcement** and our criminal justice system through effective and wise policy.
- **Consistently votes to protect Life and Liberty!**

Oregonians are increasingly alarmed by the Democratic Socialist agenda of Governor Kate Brown and Speaker Tina Kotek. They show complete disregard for the will of the People, whether it be passing the gross receipts sales tax in spite of the fact that Oregonians voted down the idea in 2018, gutting the death penalty, issuing drivers licenses to illegal immigrants, burdensome regulations and taxes, the Cap and Tax Scam or attacking your right to keep and bear arms, the Democratic Socialists in Salem and their leadership simply don't care what you think. As your representative, I will work to stop the far left agenda of Brown and Kotek. I am willing to work with the other side, but not at the cost of harming my constituents.

Peggy Will Hold the Line on New Taxes

"Peggy won't stand idly by and watch politicians raise billions in new taxes on our local small business owners."

Kyle Bunch, Wilsonville Small Business Owner, Former Wilsonville Chamber of Commerce Chairman

Kate Brown and Courtney Neron want to force people out of their cars. We are paying the price by sitting in traffic!

"The politicians won't listen to us, but I know Peggy will work from day one to solve the congestion nightmare."

Mark Cottle, Former Sherwood Mayor, City of Sherwood Planning Commission Member

Courtney Neron is a Puppet for Portland Politicians

"Rep. Neron is only good at rubber-stamping Kate Brown's agenda. It's time for some clear thinking that focuses on improving our schools, roads, and public safety. Peggy Stevens can get the job done."

Dan Laschober

Republican

Occupation: Performance Management Consultant.

Occupational Background: Finance Executive, International Manufacturing; General Contracting and Residential Construction.

Educational Background: BS Finance, Arizona State University; MBA, Northwestern University.

Prior Governmental Experience: None. Former candidate, U.S. Senate. 2018 candidate for State Representative, 26th District.

"I'm running to be your Representative to return some semblance of balance to Oregon's legislative body, to be a leader on accountability and transparency, and I'll work every day to ensure a brighter future for all Oregonians." – Dan Laschober

THE RIGHT CHOICE. If cozying up to special interests and attending out-of-state conferences paid for by industry lobbyists is the experience you value in your Representative, Dan is not your candidate.

With Dan's candidacy, you get a former financial executive of a Fortune 500 company without the political baggage. You get a finance professional and small business owner who understands government's proper and limited role in the economy.

WILL STAND STRONG AGAINST MAJORITY ABUSE. Dan is determined to end the routine abuse of the "emergency clause" and to return the short session to its intended focus on budgets. Dan will oppose any effort to steal the "kicker" (your tax dollars) from taxpayers.

A CHAMPION FOR EDUCATION. The father of two children who attended Oregon public schools and universities, Dan understands education equates to opportunity. He'll fight to ensure schools are fully funded as a budget priority and that all students have access to the school of their choice.

FINANCIAL SAVVY. Dan understands we can't tax our way to prosperity. He'll take on the tax-and-spend majority with the same tenacity that served him as a financial executive and consultant. Fiscal sanity and removing obstacles for economic opportunity mean sustainable budgets and disciplined spending, and policies that support working families and small businesses.

A VOICE OF REASON. Vote for Dan and you'll get a legislator who casts evidence-based votes unclouded by emotions, and you'll get a Representative who is truly accountable to Voters.

Educational Background: George Fox, BA, Management.

Prior Governmental Experience: No previous offices held

Thank you for considering me as your representative in District 29.

As a native Oregonian with a long family history in Washington County, I appreciate the fertility of the land, have experienced its close-knit communities, and seen the transition from farming community to a technology 'Mecca' with connections across the globe.

I have no political ambitions and can honestly say I undertake this venture out of concern for our communities. As a person I tend to be a listener, thinker, and doer, rather than a talker.

Watching the erosion of wholesomeness in the region has become my driver for seeking elected office. The current paradigm in Salem has deteriorated into a neo-totalitarian, group-think state, so lost in its ideologic dogma its lost touch with reality; bringing harm to our communities and leaving Oregon out of balance.

Consider what we've seen grow under the current regime's leadership and values:

- Rampant expansion of homelessness
- The seeming loss of confidence in our public-school system
- Road infrastructure grossly oversubscribed
- Billions spent on the public transit system with no impact on congestion and public safety
- Pretentious regulations and hidden taxation built on fallacies which bring little public benefit.

These issues and more need attention with a fresh, broad, and more encompassing perspective than current leadership has demonstrated a capacity to provide.

The Oregon culture and mystique are aggressively being destroyed by the status quo in Salem. What made Oregon a unique place in the world is being trodden under foot by those who don't understand or truly appreciate the inheritance they have.

I encourage you to join me in seeking change.

Our communities can not continue to elect a representative that supports job crushing regulations and constantly sides with Portland extremist anti-business groups. We must elect a representative that works to improve our schools and trade programs while providing clean and safe communities for all.

Portland elites have had their voice heard here for way too long. I pledge to work in doing what is *right* for our communities. I will stand up for our communities. I will be available for our communities. You deserve to be heard and I will be that voice for you and for all.

Brian Stout is supported by the community and endorsed by...

People on the North Coast are Not Being Heard

Bureaucrats in Salem are dictating how we live on the coast with one-size-fits-all laws. While our tax dollars fund bike lanes and Tesla charging stations elsewhere, our roads are crumbling and our classrooms are neglected.

"Suzanne has spent her career educating our students. I know she'll bring our hard-earned tax dollars back to the North Coast and invest in our kids."

Greg Morrill, Bergerson Construction (Warrenton Astoria)

Politicians Are Deaf to Our Local Problems

Rather than solving actual problems, Representative Tiffany Mitchell has created more. She voted for Cap and Trade, which will cost households over \$600 annually. Mitchell also voted to take more of our money through a tax on sales and stole our \$100 million kicker tax rebate.

"The North Coast has had no voice in the Oregon House of Representatives. We desperately need another common sense Republican like Suzanne to represent the Coast."

Running to Make a Positive Difference for our Community

In 2018, despite being out-spent, the difference in the election results was only about 5%. That difference has cost us by increased taxes and having our rights challenged.

The people of House District 32, deserve a leader that will make informed decisions, understand the struggles that are threatening our Industries, thereby threatening us; vote to protect our way of life, and be willing to work hard to preserve the amazing resources we have for future generations. Our timber, milling, fishing, farming, hospitality and all the Mom and Pop businesses can no longer be ignored. I will be the strong voice that will bring industry back to our district and will not hinder them or us with more taxes.

Our seniors, children and families need someone that will fight beside them. Undeterred by influence, special interest, and other agendas by putting our communities first! As a mom, who raised three children and as a past foster mom, I know the challenges of raising a family and we must defend the working families and lower the cost of living.

It is time for the people of Northwest Oregon to have representation from someone that can be trusted, one that will listen, who engages and supports the people, businesses and neighborhoods by standing up for our constitutional and parental rights.

I am driven by the desire to help preserve and restore our constitutional rights, fight over-taxation policies, provide solutions for a more secure, productive and safe environment for us all.

Occupation: Self Employed Mechanical Engineer

Occupational Background: Business Owner, Engineer, Scientist, Inventor, Entrepreneur

Educational Background: Oregon State University, BS in Mechanical Engineering. Professional Engineer

Prior Governmental Experience: None. Just what we desperately need.

Oregon has operated for more than forty years with a short term vision of Oregon's future. "Spend now, pay later, tax now, children can pay tomorrow" has been Salem's mantra for more than a generation. Tomorrow is here. We must replace those who can't see past today with people with logic, sensibility, and long term goals that match what the People want for Oregon's future.

Issues:

PERS: The Government has NO business doing unnecessary projects, such as light rail, until the PERS debt is taken care of. \$Billion projects have got to be placed on hold. The government must cut back instead of the People of Oregon.

No Toll Roads in Oregon. Period: We have paid for our roads. The government will only use tolls for unknown projects that we will pay for fore many years to come.

High Density Housing-Cost of Living: Cost will continue to rise as long as our government continues to prevent us all from living and working in the same communities.

Homelessness: Oregon has a growing problem. We are NOT far behind LA and Seattle. We must admit that the problem is addiction and mental health. Programs have been developed to bring the homeless back to society.

Trump Tax Cuts: Give back to business and the People the Trump Tax Cuts. Keep jobs in Oregon!

Cap and Trade: I am an Engineer, Scientist, Business Owner, Inventor, and Entrepreneur. Cap and Trade makes no sense in every way. The Government has NO right to buy-sell-and-trade the Earth's atmosphere.

Privatized Prisons: Prisons are Government's responsibility. Privatized Prisons turn people's life into a commodity items that just gets forgotten about.

Schools: Vouchers. Let Parents decide what kind of education our children get.

Bring logic, responsibility, and sensibility back into our government by voting for Bob Niemeyer. The People of Oregon are far smarter than the government obviously think.

A Campaign to Restore BALANCE to the Oregon Legislature!

Dear Neighbor,

Following the 2019 Oregon Legislative session, we were all shocked to watch our lawmakers as they:

- Raised billions in new taxes that will be passed to consumers by corporations.
- Passed laws pushing high-density housing into suburban and rural communities.
- Allowed METRO a pathway to raise billions, adding new vehicle registration fees in the tri-county area.
- Upended laws previously passed by voters at the ballot box.
- Lobbied to expand freeway tolls in the metro-area.
- Pushed a Cap and Trade ruse designed to raise taxes yet does little to reduce carbon emissions.

Oregon's current Super-Majority run legislature has overreached. This lack of balance has allowed special interest agendas to dictate policy without forethought to its *unintended* consequences.

Restoring balance is why I'm running for Representative for House District 37.

As a business owner, and a parent of a West Linn High grad, I'm concerned that our policies are making Oregon unaffordable for families. The high price of housing and tuition, the rising prices on everyday goods, new higher taxes and proposed toll roads are examples of unchecked lawmaking. They are driving people young and old to move out of Oregon. It's now more difficult than ever for seniors in our community to age safely in place in their own homes.

As our next Representative, I'm interested in representing ALL the voters in my community. Not just *one* party. Not just special interests.

I'm looking forward to hearing your concerns and how I can help!

OUR BEAUTIFUL STATE needs a change. One-party rule has caused Oregon to lose its way. High taxes, manipulative politicians, low transparency, disrespect for the rule of law, incompetent administration, mistreatment of children, heavy debt, educational failure, healthcare mismanagement, and many other issues plague our political environment. Here is a look at what I will change:

- Heavy taxation causes poverty. Part of the reason Oregonians see tragic cases of debilitated people on our streets is due to the high cost of living. The current tax nightmare is an open attack on the poor and the middle class. The solution is to repeal the worst of the tax damage inflicted by the last legislature.
- "Revenge is a dish best served cold and slowly." This embarrassing comment by our Governor has no place in Oregon politics. I pledge to act with decorum and class.
- Had it not been for the integrity of Ginger McCall, Oregon Public Records Advocate, we would not know how the governor wanted to control one of the few bipartisan agencies in Oregon. Keep the one-party state away from public records.
- Disrespect for the rule of law has infected Oregon government. I promise a new day so that Oregonians get first call on the state's resources.
- Governor Brown announced her fourth leader in four years to head the Department of Human Services. Appointments need to be ratified by the Oregon Legislature.
- Oregon's children should not be abused by government agencies. The solution: review all agencies for competence, seek non-ideologic action, provide the funding necessary.
- PERS debt will destroy the state. Employees must share the burden.
- Educational failure is not an option. Find success elsewhere, and repeat.
- Healthcare can be supported without financially breaking Oregonians. Work with healthcare professionals for comprehensive treatment.

VOTE FOR CHANGE. VOTE FOR PATRICK CASTLES.

President

Joseph R Biden

Democrat

Occupation: Candidate for President of the United States

Occupational Background: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009)

Educational Background: University of Delaware, Syracuse University College of Law

Prior Governmental Experience: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009); New Castle County Council (1970-1973)

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The stakes in this election couldn't be higher.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

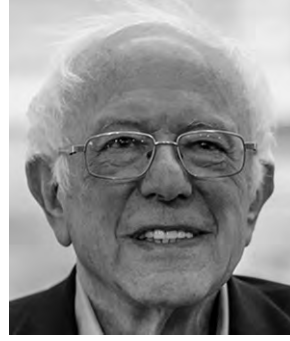

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Bernie Sanders

Democrat

Occupation: United States Senator from Vermont

Occupational Background: Bernie worked as a carpenter and documentary filmmaker before being elected Mayor of Burlington.

Educational Background: Bernie attended Brooklyn College and the University of Chicago, where he was a leader in the fight against housing discrimination.

Prior Governmental Experience: Senator Bernie Sanders served Vermont in the House of Representatives for 16 years, and in 2018 he was re-elected to his third term in the U.S. Senate. He first ran for President in 2016, and together with millions of people, started a political revolution.

I am running for president as part of an unprecedented grassroots campaign to not only take back the White House, but to build a movement to finally make the progressive change we need.

Our campaign is about taking on the powerful special interests that dominate our economic and political life, including Wall Street, health insurance corporations, the fossil fuel industry, the military industrial complex, and the private prison industry. Our campaign is building a movement to end racism, sexism, homophobia, religious bigotry and all forms of discrimination. Our campaign is about the humane and just treatment of immigrants. Our campaign is about transforming our country and creating a government based on the principles of economic, social, racial and environmental justice. Our campaign is about creating a government and an economy that work for the many, not just the few. Our campaign is about guaranteeing health care as a human right.

Make no mistake about it. Special interests with extreme wealth have unbelievable power and they want to maintain the status quo. The only way we will win this election and create a government and economy that work for all is with a grassroots movement - the likes of which has never been seen in American history. They may have the money and power. We have the people.

And together we will defeat Donald Trump.

Elizabeth Warren

Democrat

No Photo Submitted

Occupation: U.S. Senator

Occupational Background: Law Professor - Harvard Law School, University of Pennsylvania, University of Texas at Austin, University of Houston et al.

Educational Background: Rutgers University School of Law (JD), University of Houston (BS, Speech Pathology and Audiology)

Prior Governmental Experience: Special Advisor to President Barack Obama - Consumer Financial Protection Bureau; Chair, Congressional Oversight Panel, TARP.

Elizabeth Warren grew up in Oklahoma on the ragged edge of the middle class. Her dad sold fencing and carpeting at Montgomery Ward, and ended up as a janitor. She has three older brothers who served in the military. When Elizabeth was twelve, her dad suffered a heart attack, putting him out of work. The medical bills piled up and they had lost the family station wagon, when her mom got a minimum wage job answering the phones at Sears. That job saved their home, and it saved their family, but now the minimum wage can't support a mama and a baby.

Elizabeth has spent her career studying why America's middle class has been hollowed out. She fearlessly takes on giant corporate special interests like big banks and credit card companies that cheat consumers and undermine small businesses. She goes after shady for-profit schools that rip off students, veterans, and taxpayers. She relentlessly fights to end the influence of big money in politics. And her plans target California's biggest issues, like investing in affordable housing, fighting climate change, cancelling student loan debt for millions, and creating a pathway to citizenship for families.

Elizabeth got to become a teacher, a law professor, and the senior senator from Massachusetts because America invested in kids like her. She is in this fight to build an America that works for everyone.

Elizabeth and her husband Bruce have been married for 38 years and have three grandchildren and a golden retriever named Bailey.

US Senator

Jeff Merkley

Democrat

Occupation: U.S. Senator

Occupational Background: Portland Habitat for Humanity; Pentagon and Congressional Budget Offices; World Affairs Council of Oregon

Educational Background: David Douglas High School; Stanford; Princeton

Prior Governmental Experience: State Representative; Oregon House Speaker

The son of a union mechanic, Jeff attended public schools, was the first in his family to go to college and still lives in the same blue collar neighborhood he grew up in. He never needs to be reminded who he's fighting for.

But the fights keep getting harder, because the privileged and powerful have rigged our economy and democracy to enrich themselves. Here's how we fix it:

Take on political corruption so the people are in charge – Put an end to dark money, partisan gerrymandering, and voter suppression.

Create good-paying jobs – Build modern infrastructure and rural broadband, nurture manufacturing, end tax breaks for corporations that ship jobs overseas.

Invest in thriving families – End the outrageous gouging on drug prices, tackle the mental health crisis, and provide seamless coverage for everyone. Massively increase affordable housing. Lower class sizes and make college debt-free.

Meet the climate chaos challenge – Rapidly build a renewable energy economy with union labor to quickly stop carbon pollution. Re-assert US leadership to make sure other countries step up to meet this global emergency.

Create opportunity in all of Oregon – Jeff fights for all of Oregon, delivering dredging for coastal ports, disaster assistance for farmers and ranchers, and investments in rural broadband; saving rural post offices; and catalyzing collaborative solutions to timber and water challenges to create jobs and improve ecosystems.

From exposing Trump's evil policy of locking kids in cages, ending Wall Street's worst predatory mortgages, introducing the Equality Act to outlaw LGBTQ discrimination, Jeff never shies away from taking on the powerful to deliver opportunity, justice, and a brighter future for all.

POLICY. PASSION. HUMANITY FIRST.

POLICY

I support universal basic income, universal healthcare, and human-centered capitalism. We need to change the measurements of our economy to include mental health and well-being, freedom from substance abuse, and clean air and water. I promise to focus on policy over politics and put our people first.

PASSION

I grew up in Southern California in a middle-class suburb. In my life, I've been a legislative aide in Sacramento, a student, and an activist. I've also been an English teacher in Taiwan and South Korea. Most importantly though, I've struggled in this current economy like so many of us have. I graduated from college as the recession was just beginning. I know what's happening, and I know what we need to do to fix it. It's now time for working people like me to step up and help usher in a new era of politics where we value people over profit. I recently moved to Hillsboro with my wife, and I am excited about the opportunity to represent my new home and enact policies that will help my neighbors and the whole country.

HUMANITY FIRST

Our country is going through what experts call the Fourth Industrial Revolution. Many common jobs are subject to automation and we need leaders in Congress that understand what is happening with technology. I've worked in factories, call centers, and in the gig economy. I know that these jobs are subject to loss via automation. I have lived the struggle of the normal person, and I will fight each day for the people in my district to have a universal basic income, universal healthcare, and to be valued inherently as humans as our economy rapidly changes.

Manager; Greater Yamhill Watershed Council, Executive Director

Educational Background: B.A. (East Asian Studies & International Business), University of Oregon

Prior Governmental Experience: Oregon Legislature, Water Policy Committee Assistant

Bernadette Hansen Putting People First

The most important foundation for success in any community rests on shared values. I want Oregon to demonstrate in our public action the same commitments that characterize the community I want to live in – a community where we can count on each other, act on our most generous instincts, and protect those among us who, without that protection, would suffer. Please join me in leading the way for us to create a better Oregon.

Together we can:

End Homelessness. Everyone deserves a place to call home. Oregon has an estimated 13,953 individuals experiencing homelessness: 1,083 are families, 1,251 are veterans and 1,462 are unaccompanied young adults. Solving this complex issue will require us to prioritize and provide mental health support and social services, as well as, emergency supports like shelter, food and day programs.

Secure Housing. Housing instability and homelessness are linked to other issues facing families and children across the state—success in school and in employment, the ability to afford basics like food, transportation and day care, and physical and mental health. Solutions must be approached collaboratively by public, private, non-profit and philanthropic sectors. By solving the housing crisis, we can unlock the potential of tens of thousands of Oregonians and create a stronger economy and healthier people.

Fight for Income Inequality. Income inequality is the issue that defines this generation. We need to build an economy that creates good-paying jobs and that works for everybody. We can do this by raising the minimum wage, providing for earned sick time and by better aligning education with workforce needs and creating more jobs in the region.

Walk-outs. Executive orders. Pandemics. Hoarding. Financial meltdown. Public shutdown.

Just when we need leadership, we're all experiencing a major communication breakdown.

Ross Swartzendruber offers Oregon a different future with anti-corruption measures that strengthen democracy.

When faced with these same issues around the Great Depression, Oregonians came together and created anti-corruption legislation allowing initiatives, referendums, public co-ops and ranked choice voting. These efforts give more power to people, strengthen democracy and remain effective a century later. We will do it again.

We need democracy more than ever. Ross Swartzendruber supports the 2018 Democratic Party of Oregon Platform and these issues:

Anti-Corruption

Campaign Finance Reform – Pass SJR 18 in November 2020

Voter Rights – Ranked Choice or STAR Voting, redistricting, lower special district age limit

Ethics Reform – Close the revolving door between lobbyists and politicians

Green New Deal - German Style

Lisa Pool

Democrat

Occupation: Licensed Acupuncturist

Occupational Background: Small Business Owner since 2007, Health care Advocate, Business Analyst, Bookkeeper/ Payroll Specialist

Educational Background: Cornell College, Portland Community College, Oregon College of Oriental Medicine

Prior Governmental Experience: NA

We need politicians and community leaders dedicated to solving the difficult problems facing our state and district! Lisa's vision includes:

Affordable Housing and Homelessness: Our homeless population is exploding due to low wages, high cost of living, lack of accessible and affordable healthcare, opiate crisis and more. The cost to our communities when we don't rectify these issues is much more expensive than if we come together as a community to address them.

Family Wage Jobs: If you are working full-time, you should be able to afford a functioning car, a basic apartment, food, medical and other basics. Period.

Affordable Healthcare: High premium and high deductible with very little coverage – sound familiar? Join Lisa's fight to rein in costs, increase benefits and increase access to coverage for more Oregonians.

Shifting Tax Burden: High taxes for small business owners and individuals - We pay the highest tax rate and yet we get the least for it. Responsible and reasonable taxation is an absolute must.

Environment: Lisa loves camping and fishing, but every time she travels in Oregon the waters are too polluted to swim or fish. We must find a way to support businesses transitioning to environmentally sound practices by providing education and solutions for making positive environmental changes that businesses can afford.

Public Education: We want a healthy and thriving society. It starts with appropriate and well-funded programs for education and children.

Lisa believes in putting Oregon first and prioritizing the needs of our communities above party lines. Through meaningful and civil discourse often comes the best answer for the "win-win". Family, Business and Community together.

Ben is a young, bold progressive — and he has a backbone. He is exactly the voice we need in the Senate."

- Marc Abrams, Former Chair of the Democratic Party of Oregon
Portland Tribune, 2/27/2020

Ben's Priorities:

Get Big Money Out of Politics and Combat Income Inequality. We need to pass campaign finance reform now to curb corporate power, and we need to make sure corporations pay their fair share in taxes.

Invest In Affordable Healthcare, Housing, and Education for All. Healthcare is a human right and every person deserves access to affordable housing and higher education.

Fight the Climate Crisis. Climate change is the greatest threat we face. Oregon should be a leader in the fight to protect our environment and promote a sustainable economy.

Janeen Sollman

Democrat

Occupation: Vernier Software & Technology, State Representative

Occupational Background: Recycling and Customer Service Specialist

Educational Background: Forest Grove High School, Portland Community College

Prior Governmental Experience: Hillsboro School Board

I have lived in our district for over 27 years and my husband Tony and I raised our two boys here. I've spent years working to improve education, workforce and our environment.

Listening to you

As your representative in Salem, I work for you. I love this job and I value hearing the diverse perspectives of our community. That's why I've held sixty-two community conversations in our district.

Fighting for Education

We passed the Student Success Act, which provides \$1 billion a year in funding for our public schools to provide mental and behavioral health support, universal access to meals, smaller class sizes, career and technical education, and more classes that keep students engaged.

"Janeen brings her school board experience to the Capitol and continues to be a champion for kids from cradle to career." ~Jaci Spross, Hillsboro School Board Member

Standing up for Working Families

We passed a Paid Family & Medical Leave law that will ensure every Oregonian can access time off to care for a sick loved one or welcome a new child. We also banned no-cause evictions and made it easier to build affordable housing.

"As costs rise, living and working in Washington County is increasingly difficult. Fortunately, families like mine have a champion in Janeen." Lyn Jacobs, MD

Keeping us Safe & Healthy

I worked hard to make sure we keep firearms out of the hands of people who shouldn't have them: domestic abusers, people in mental health crisis, and children. And we passed bills to help prevent youth suicide in our schools.

I take my oath of office seriously and understand the gravity that it holds. I'm honored that you've trusted me to represent you. I appreciate this opportunity and humbly ask for your support.

Educational Background: University of Oregon, M.A.; University of Massachusetts-Amherst, B.A.

Prior Governmental Experience: State Boards of Forestry, Watershed Enhancement, and Workforce Investment

Proven Trustworthy Leadership

I am honored to represent the people of House District 31. I will continue to provide strong leadership and be the effective voice we need in the Legislature.

Affordable Housing

I will continue to use creative solutions such as my abandoned house legislation to answer the need for low cost homes for Oregonians.

Education

The students of today truly are the leaders of tomorrow, which is why I support legislation that provides for a strong K-12 foundation, and gives students both Career Vocational and Higher Education options.

Healthcare

All Oregonians should have access to decent, affordable healthcare. I voted to extend Medicare benefits and will continue to support all efforts to make Oregon a leader in offering cost-effective healthcare.

Economic Security

Family wage jobs and a vibrant business community are the bedrock of a strong economy, which is why I support Connect Oregon and voted to protect Oregon's Apprenticeship Program.

Safeguard Senior Citizens

Our seniors deserve to live safely at home with dignity, while reducing costs to themselves, their families and taxpayers.

Honoring Veterans

I am honored to have served as the Veterans Committee Chair and successfully assisted veterans in receiving benefits they were rightfully due. We owe so much to the men and women who have bravely served our country.

Natural Resources

I will continue to champion Oregon's natural resources as I have with my legislation targeting poachers and preventing the spread of wildlife disease. As an avid outdoorsman, I believe that conservation and sustainable resource use can, and must, be compatible.

Careful Guardian of Tax Dollars

I evaluate all tax giveaways and set clear goals and standards for all tax credits, deductions or exemptions. Oregonians deserve the best for their tax dollars.

I've raised my two children and sent them to public school here. I've hired local employees and kept my small business in Astoria afloat through economic ups and downs. Occupational Background: Attorney; Land Use, Municipal, and Environmental Law

Educational Background: BA

Thoughtful Stewardship for Oregon

"I have worked hard to collaborate and find thoughtful solutions that improve the lives of Oregonians. I'm proud to stand up for working families, students, and our environment. Long-term stewardship guides all of my decisions at the State Legislature. I would be honored to continue that work." Representative Ken Helm

Funding Education

I was proud to help pass the Student Success Act in 2019, which provides \$1 billion per year in additional funding for K-12 education. More work needs to be done to make community college accessible for all, and to provide meaningful career technical education for students. I will continue to advocate for a strong education system in Oregon.

Protecting Health Care for All

In 2019, my colleagues and I extended the Oregon Health Plan to 1.1 million Oregonians when the federal government threatened to leave those families behind. We also demanded better transparency in prescription drug pricing so that Oregonians know they will have access to the medications they need.

Protecting the Environment

As Chair of the Energy and Environment committee, I championed the Oregon Environmental Protection Act to strengthen our state air, land and water laws even in the face of federal roll backs. We also placed Oregon on a trajectory to phase out dirty diesel engines that pose serious health risks to our children and seniors.

Supporting Workers and Promoting Oregon Business

I was a strong supporter of House Bill 2005, which provides up to 12 weeks of paid family and medical leave for every worker in the state. Under this new law, Oregonians will be able to take time off to care for a newborn child or sick family members, or respond to unexpected physical or mental health challenges.

State Representative, 37th District

Rachel Prusak

Democrat

Occupation: State Representative; Nurse Practitioner

Occupational Background: Nursing

Educational Background:

Northeastern University; Frontier Nursing University

Prior Governmental Experience: House Committee on Health Care; Joint Committee on Ways and Means Subcommittee on Transportation and Economic Development

Rachel Prusak: Delivering on What Matters Most

- Two years ago, Rachel Prusak ran for the Oregon House to protect Oregonians' healthcare, strengthen our schools, and provide leadership that matched the values and priorities of our community. As our State Representative, she delivered on each of those promises.

Building a Healthy Community

As a nurse, Rachel is outraged by politicians who would try to eliminate funding for the healthcare of more than a million Oregonians. She successfully fought to protect that health care, and more.

- Secured funding for Medicaid, which covers 1.1 million Oregonians
- Increased funding for mental health and suicide prevention, and put new focus on the opioid epidemic
- Worked to reduce the cost of prescription drugs
- Passed the nation's strongest Paid Family and Medical Leave

Strengthening Our Schools

Rachel understands education is the key to strong neighborhoods and a vital economy. She helped make history for Oregon's public schools.

- Passed the Student Success Act, adding \$1 billion a year to invest in early education and programs that increase graduation rates in every Oregon school district
- Too many students graduate from college burdened by debt, so Rachel increased funding for the Oregon Opportunity Grant to make college more affordable for more people

Affordable Housing and Safer Communities

- Passed groundbreaking tenant protection policies that will increase the supply and choices of affordable housing and funding for homeless services and prevention
- Closed the "restraining-order loophole" to keep guns out of the hands of stalkers and domestic abusers
- Banned fracking and offshore drilling in Oregon

See more, including Rachel's supporters, at www.rachelforstaterep.com.

"Thank you for the honor of representing you. We've made great progress. I'm asking for your vote because together we can do even more." —Rachel

State Representative, 38th District

Andrea Salinas

Democrat

Occupation: State Representative

Occupational Background: Government Affairs

Educational Background: University of California,

Berkeley, BA

Prior Governmental Experience: Co-Chair Oregon Complete Census Count Committee; PEBB Board Member; Oregon Commission on Hispanic Affairs; Willamette Falls Locks Commission; District Aide, U.S. Congresswoman Darlene Hooley

For more than 20 years, Andrea Salinas has been on the frontlines of policies that protect women and children, working people, seniors, and the environment. As a first-generation American, she brings the spirit of hard work and determination, instilled in her at a young age, to her efforts in the legislature. She knows that a quality education and fair employment opportunities provide the building blocks for stronger communities.

Universal Access to Health Care

As the Chair of the House Health Care Committee, Andrea has learned that health care costs increasingly consume a larger portion of families' take-home pay and small business profits. That is why in her first year, **Andrea championed and passed bills to lower the price of prescription drugs and to expand access to quality care for all Oregonians.**

Keeping Families Safe

Domestic violence, sexual harassment, and gun safety issues are at the forefront of Andrea's work. Ninety-four percent of women who experience harassment at work do not file a complaint, and of the who do report harassment, seventy-five percent experience retaliation. Last session, **Andrea championed efforts to protect Oregonians from workplace harassment as well as gun violence, and passed the nation's strongest Paid Family and Medical Leave policy.**

Climate Protection

Protecting Oregon's abundant natural resources is foundational to our state's future sustainability and economic development. **Andrea is committed to reducing greenhouse gas emissions in Oregon and investing in clean energy technologies and family-wage jobs** needed to leave a healthy legacy for our children.

Judge of the Supreme Court, Position 1

Thomas A Balmer

Nonpartisan

Occupation: Associate Justice, Oregon Supreme Court

Occupational Background: Chief Justice, Oregon Supreme Court; attorney in private practice; Oregon Deputy Attorney General

Educational Background: Portland Public Schools; B.A., Oberlin College (1974); J.D., University of Chicago (1977)

Prior Governmental Experience: Oregon Deputy Attorney General (1993-97); Trial Attorney, U.S. Department of Justice (1979-80)

Re-Elect Justice Tom Balmer to Oregon's Supreme Court

Since 2001, Tom Balmer has served on Oregon's Supreme Court with distinction, exhibiting fairness, intelligence, and an extraordinary work ethic.

In 2012, Tom Balmer's colleagues on the Supreme Court showed their confidence in his judgment, leadership, and legal skills by selecting him to serve as Chief Justice for a six-year term. In that role, he led the Oregon courts through a difficult budget climate by carefully managing limited resources, adopting technology innovations, and improving court efficiency.

Justice Balmer traveled the state to visit local trial courts and seek ways to improve access to justice for all Oregonians -- while carrying a full workload of opinions and rulings on the Supreme Court.

Experience

The foundation of Justice Balmer's success is his hands-on experience in the key areas the Supreme Court deals with every day. He has tried jury cases, argued before the U.S. Supreme Court, advised individuals and business clients on a wide variety of matters, and counseled elected and government leaders on constitutional and public law. As Deputy Attorney General, he argued criminal, election, and constitutional law cases in Oregon and federal courts.

Tom Balmer's reputation as a thoughtful scholar and practical problem-solver is well known. His broad, well-rounded experience and integrity have earned widespread support from all parts of Oregon's legal community.

Part of the Community

Tom has served as a volunteer for legal aid, the Classroom Law Project, local arts and park organizations, and Portland Homeless Family Solutions.

Broad Support

It is a mark of Tom's fairness and integrity that he has won support from around the state and from across the political spectrum.

Senior Counsel and Special Assistant Attorney General; Adjunct Instructor of Business Law; Assistant Regional Public Defender; Assistant/Acting City Attorney.

Educational Background: Master of Laws (LL.M.) in Dispute Resolution and Juris Doctor (J.D.), University of Missouri-Columbia; Bachelor of Arts (B.A.) in History, Southeast Missouri State University.

Professional Memberships: Oregon State Bar (Alternative Dispute Resolution Section); The Missouri Bar (Alternative Dispute Resolution Committee; Labor & Employment Law Committee); Marion County Bar Association.

LET'S MAKE YOUR VOTE COUNT

Although the Oregon Constitution states that judges are to be elected by the voters of this state, such voters are routinely relegated to the role of a rubber stamp. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent.

Every current Oregon Supreme Court judge got there by means of gubernatorial appointment. Five of those seven judges have now been appointed by one person -- the current governor. If the Position 1 incumbent is re-elected and then resigns mid-term (as anticipated), the governor will be afforded yet another opportunity to unilaterally hand-pick a replacement.

Oregonians deserve a judiciary that functions in an independent and non-partisan manner. Sadly, however, the prevailing process for picking judges provides little reassurance in that regard.

Van Pounds offers voters a voice for positive reform, as well as a meaningful choice for judge. He will continue to be an ardent advocate for improvement of the judicial selection and retention processes -- to promote greater transparency and to reduce the likelihood of undue partisan political influence.

Consistent with the Code of Judicial Conduct, **Van Pounds** pledges to perform the duties of judicial office diligently, fairly and impartially, and in accordance with the rule of law. He welcomes your vote.

"Thoughtful"

–Oregon Supreme Court, 11/13/15

"Incorruptible"

–Eugene Register-Guard, 4/26/18

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

I'm running because I believe that judges should explain their decisions. Right now they don't. In most cases, the Court of Appeals "affirms without opinion." That means the judges give no explanation whatsoever for their ruling.

They do it in easy cases. They do it in hard cases. Big cases and small cases. Cases where they think the lower court was right. Cases where they think the lower court was wrong. Sometimes they even do it by mistake.

The Court of Appeals affects all of us. It decides when the police can pull you over. What you're owed if you're hurt on the job. Whether the state can take away your children. Many people lose their liberty, their livelihood, or their family, without ever being told why.

Oregon deserves better. Many other courts give at least one or two sentences to explain each of their rulings. Our court can do at least that much. That would let everyone know why the court did what it did—and keep the court accountable.

We can make it happen. As a public defender, I've represented hundreds of individuals before the Court of Appeals. In any of their cases, a single judge could make the court explain its ruling. With your support, I will be that judge.

I can't promise you'll agree with every decision I make. No judge could make that promise. But I will explain every decision I make. No other candidate will do that.

Educational Background: Willamette University College of Law - Juris Doctor, Willamette University - Bachelor of Science

Prior Governmental Experience: None

Experienced

Since early 1997 I have been an attorney in Washington County. I am dedicated to the principal that every person must be afforded the fair and equal protection of our court system. I firmly believe in the presumption of innocence but also in accountability and the protection of victims.

Local

I was born and educated in Oregon. My wife and I live in and raise our three children in Washington County. My oldest is currently in college and my youngest is currently in kindergarten. I ask for your vote so that I can do my part to keep our communities strong, safe, and wonderful places to live, work, and raise families.

Child Abuse and Neglect Attorney

For the entirety of my 23 years of Washington County practice, I have been handling child abuse and neglect matters. These are some of the most difficult legal situations a court must address. As a judge, I will be in a better position to put in place those services that will aid a child's healing, help prevent any further abuse, and help families in need.

Domestic Violence Attorney

Since 2000, I have been deeply involved in the Washington County Domestic Violence Deferred Sentencing program. No judge, attorney, or probation officer has been more consistently involved with this program for the last twenty years than me. My experience has caused me to believe that those who choose to commit acts of domestic violence must be accountable for those acts, do what must be done to redress the harms caused, and work to change themselves.

Beaverton Youth Peer Court, Judge Pro Tem, 2012-2019.

I am a proud resident of Washington County since 1998 and have spent the last 20 years representing clients in an array of legal issues: contract, tort, shareholder disputes, corporate disputes, intellectual property, real estate, construction law, creditor rights, criminal law, elder abuse, divorce, child custody, contested probate, commercial law, and much more. I represent plaintiffs, defendants, and all types of parties in civil lawsuits. I bring the most diverse knowledge of law to the Washington County Court than any other candidate in this election. I have dedicated myself to public service throughout my life, including volunteering as a reserve police officer, and currently as a pro tem judge in the City of Beaverton. As an elected judge I will continue in my public service and will bring my diverse and extensive legal experience to the bench. No other candidate has the experience and knowledge I do. If you end up in court, for whatever reason, good or bad, you want the most qualified person to be your judge. You want the right decision the first time. You want a judge that knows, and upholds, the rule of law. Experience matters. That is why you should vote for me. Go to www.ElectBurkeforJudge.com for a list of endorsements.

As an experienced attorney, I've fought for the underserved, the underprivileged and the under-represented, whether that was while working to protect victims of domestic violence or helping low-income Oregonians find representation. As the minority son of an immigrant, I know what it's like to feel like you don't have a safe place.

I am committed to ensuring one of our most basic, fundamental rights—our legal rights—will be fairly accessible to all, regardless of racial identity, economic status, educational background or upbringing.

I will uphold our laws with respect and integrity, cultivate stronger relationships between our courts, communities and citizens, and lead by example.
