BILL BRADBURY
SECRETARY OF STATE

PADDY J. MCGUIRE
DEPUTY SECRETARY OF STATE

JOHN LINDBACK
DIRECTOR

141 STATE CAPITOL
SALEM, OREGON 97310-0722

(503) 986-1518

Dear fellow Oregonian,

It's a challenge to get people to vote. I don't know why, but that's a fact. As your Chief Elections Officer, I'm working hard to remove every obstacle I can to help you vote this fall. This year, we've made it easier than ever to cast your vote – and to know it gets counted.

As part of the Help America Vote Act, we've implemented new tools to answer every question you can think of about voting:

- What if you're a college student, registered in your home district, but living on a campus in another county?
- What if you have a physical disability that limits your movement or vision? How can you vote privately and independently? (Hint: it's possible now like never before.)
- What if you're a soldier in the field? How do you get your ballot so far away?

All of your questions are answered by a real, live Oregonian at our toll-free voter information line: 1-866-ORE-VOTES (1-866-673-8683) or through our TTY line for the hearing impaired at 1-866-350-0596. Elections representatives are available, Monday through Friday, 8:00 am to 5:00 pm – or you can log onto our website and look for your answers there anytime at www.oregonvotes.org.

Remember: you have to return your ballot so it's received in your county elections office by 8:00 pm on Tuesday, November 7th.

Our ability to vote in free, fair elections is one of the things that makes America great. Please take the time to read about the candidates in this pamphlet so that you can make informed choices. Then fill out your vote by mail ballot and return it to your county elections office by 8:00 pm on November 7th.

I thank you for choosing to engage in our democracy by voting. Your participation is the foundation of Oregon's future.

Best wishes,

Bill Bradbury
Secretary of State

General Information

Voters' Pamphlet

Your official 2006 General Election Voters' Pamphlet is divided into two separate volumes. This is Volume 2 and contains information on candidates. You should have already received Volume 1, containing information on the statewide measures. If you have not received Volume 1, please call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

In this volume, partisan candidates appear before nonpartisan candidates. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background, and prior governmental experience—has been certified by each candidate.

Volume 2 also includes other voting aids, such as a complete listing of state candidates, ballot drop site locations, and ballot instructions. If your county has chosen to produce a voters' pamphlet in conjunction with the state, drop site locations will appear in your county voters' pamphlet, which is in the center of this pamphlet.

Candidate statements are printed as submitted by the author. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county elections offices.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

ORS 254.155 requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2006 General Election is:

C, X, E, T, K, Y, B, V, F, W, P, A, L, D, U, H, G, N, O, Z, Q, M, J, S, R, I

Website

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.oregonvotes.org

Español

Una versión en español de algunas partes de la Guía del Elector está a su disposición en el portal del Internet cuya dirección aparece arriba. Conscientes de que este material en línea podría no llegar adecuadamente a todos los electores que necesitan este servicio, se invita a toda persona a imprimir la versión en línea y circularla a aquellos electores que no tengan acceso a una computadora.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8:00 p.m. election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7:00 a.m. to 8:00 p.m.

DRAKE DAVIS CHAMPIONS CIVIL LIBERTIES

As a Libertarian Party member for fifteen years, Drake knows
that less government regulation on business; private property
rights and lower taxation are important stands.

However, the steady incremental elimination of our right to
privacy, protection against illegal search and seizure, restric-
tions on our right to travel and government intrusions into our
lives on almost every level is alarming at best, tyrannical per-
haps and an assault on our Jeffersonian ideals.

Drake's candidacy intends to harness the anger and frustration
over the expansion of presidential power and the complacent
lack of oversight by congress. With presidential signing state-
ments and executive orders, we are sliding from an oligarchy
into a dictatorship.

**FOLLOWING REPUBLI-CRATS AND VOTING FOR THE LESSER
OF TWO EVILS GOT US INTO THIS MESS!**

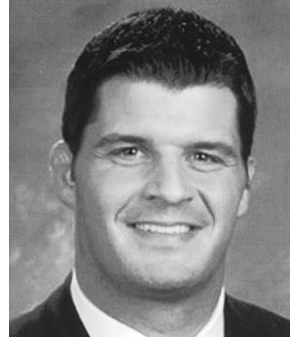

By federalizing this congressional race we send a message of
dissatisfaction with the mainstream candidates and their
party's support of The Patriot Act, the perpetual war for
perpetual peace, NSA wiretapping of our personal communica-
tions in violation of the fourth amendment, and running record
deficits that do threaten our national security.

DRAKE'S PLATFORM? RESTORE THE BILL OF RIGHTS

Libertarian platforms and Libertarianism is often misinter-
preted; because we would allow people to engage in certain
behaviors (mostly in the privacy of their own homes) or allow
them to possess what others have deemed contraband, people
think that we support such activity? NOT TRUE – WE ARE
REALISTICALLY TOLERANT. For instance, hold those who
would commit crimes with guns or while on drugs responsible;
don't ban guns or drugs.

Dear Friends:

As a State Legislator, I have always tried to put people before
politics. As your Congressman, I promise to do the same.

Our campaign has visited every city in the First Congressional
District: from Dilley to Deer Island, from Banks to Beaverton
and from Willamina to Warrenton. We have been honored to
have met so many wonderful people that truly care about our
state. I would be honored to have your support for this upcom-
ing election and together we will change the way Washington
DC does business.

For four years I have been a name Washington County voters
could trust and if honored with your support, Oregon will once
again have a voice in Congress that listens to the people.

All the best,

Derrick Kitts

America."

Dean Wolf Constitution

Occupation: Electrician (IBEW local 48 retired)

Occupational Background: Electrical Contractor

Educational Background: HS Grad.

Prior Governmental Experience: Frustrating!

Age 62, wife- Melody

First District citizens, are you tired of doing the same thing and expecting different results? Please consider:

Shedding of innocent blood-The Govt. sanctioned and funded killing of unborn babies must stop! A party with moral fiber and a majority in Congress (if one existed) could over-ride Roe vs. Wade by declaring the personhood of a fetus.

Activist judges overstepping their authority-Recent examples: the Supreme court giving local Government power to take your property and give it to a private developer, and Judge Mary James trying to run roughshod over Oregon voters on measure 37.

Immigration-Illegal aliens demand their "rights". Okay, how about the same rights Mexico gives to aliens? Check out "Mexico's Glass House" in Bob Miller's section of the KPAM website (also Red Skelton's Pledge of allegiance).

Pork-barrel spending-The currency politicians use to buy votes. Like successful fishermen, they have no incentive to change the bait-really a line of credit with **your** name at the bottom.

The Free-trade charade-Working exactly as planned! Millions of American manufacturing jobs moved overseas, soaring trade deficit. Stepping stones toward the "New World Order". To peek behind the smokescreen Google "Stop the FTAA-activate congress".

Government Schools-Since shifting emphasis from the 3 R's to liberal social engineering, America's seniors score very low among industrialized nations in math and science. That is not a funding problem! Read Educrcis by James T. Evans.

Iraq-President Bush has finally admitted that attacking Iraq had nothing to do with 9-11
Perhaps the best way to support the troops is to not mislead them!

Yet another example of why the Constitutional mandate for war is a **Congressional Declaration**. See the DVD: "Why We Fight".

Voters with Disabilities

Voters with disabilities who need assistance with marking their ballots now have an opportunity to vote privately and independently. Each county elections office in Oregon has been equipped with a voting system for use by voters with disabilities.

Voters with disabilities who use assistive technology such as a computer with a screen reader or screen enlarger application to access printed material now have an alternative to the printed ballot. It is called a HTML (Computer) Ballot. The HTML (Computer) Ballot requires that the voter have a computer, web browser and printer and allows the voter to vote privately and independently from home.

Our state government is a mess because career politicians bicker and corporate lobbyists have too much power.

Both Democrats and Republicans have failed our state.

Why vote for the same politicians and parties who, year after year, fail to solve our problems?

It's time for a change.

I'm running for governor to represent working families. All Oregonians deserve good schools, health care and economic opportunities.

Oregon can afford the best schools and health care. Big companies must pay their fair share. I will raise the taxes for the largest and most profitable companies that do business in Oregon.

Health security for all
Every Oregonian should have access to quality health care. Health care is a right not a privilege for the rich.

Peace now
I will bring Oregon's National Guard troops home from Iraq and the Middle East. Our brave men and women should not fight distant wars for oil and greed. They should work in Oregon, making our state stronger.

Building an energy independent Oregon
As governor, I will make conservation our state's first priority. I will establish a network of public rural energy cooperatives. The network will supply the energy needs of communities with biodiesel, biomass, solar, geothermal and wind power.

Preserve Oregon's natural resources
I will protect our wonderful parks, forests, oceans, rivers and wildlife from timber, mining and grazing industries. I will stop companies from using our streams, rivers and ocean as a dumping grounds for their toxic waste.

I have been a leader all my life, beginning with my service in the military. I have fought hard for our country, and to keep Oregon's public lands beautiful.

I ask for your vote so that together we can make Oregon shine again.

Representing Working Oregonians

Who you are as Governor is really about who you represent.

I've said many times that the people most responsible for helping me become who I am today were the nuns who raised me, the Marine Corps Instructors who taught me discipline, and the taxpayers who gave me the opportunity of college through the GI Bill.

When I went into public service, I wanted to represent people like them – working families... retirees... ordinary people like you and me. That's why I'm committed to:

Improving Education. We've restored millions of dollars to our classrooms, and my education plan will increase and stabilize school funding so we can reduce class size, never again cut school days and invest in job training and higher education.

Lowering Healthcare Costs. I've taken on drug companies so Oregonians can have lower-cost prescription drugs. I have a plan to provide healthcare for Oregon's 117,000 uninsured children and reduce healthcare costs for working families.

Keeping Communities Safe. Since taking office, we've enacted America's toughest meth laws and cut the number of labs by 70 percent. I am committed to continuing this fight and restoring 24/7 State Police patrols throughout rural Oregon.

Creating Good Jobs. Today more Oregonians have jobs than ever before, we've gone from having the highest unemployment rate to the fifth fastest growing economy. We achieved these successes because we made it attractive to do business in Oregon by cutting 250,000 pages out of regulatory permitting, expanding online services, and investing in infrastructure, research and technology.

I'm proud of the progress we've made over the last four years, but the best is yet to come. Please join teachers, firefighters, nurses, and thousands of Oregonians in supporting me again for Governor.

MORLEY FOR GOVERNOR: THE SENSIBLE CENTER
Want to know more?

• **FUND EDUCATION AND PUBLIC SAFETY FIRST**

In Oregon's budget process, kids should not be at the end of the line. Time after time, the legislature passes agency budgets first. By the time education budgets are discussed, most of the money has been spent, creating a crisis. I will veto any budget bill that reaches my desk before the education and public safety budgets do.

• **SWAP INCOME TAX FOR SALES TAX**

Let's eliminate Oregon's income tax in exchange for a revenue-neutral sales tax. Certain living essentials would be exempt. This would be a constitutional change, so the legislature could not reintroduce an income tax without a vote of the people. The tax rate would be lower because tourists and those in the underground economy would join the tax base.

• **PROTECT CIVIL LIBERTIES**

Terrorists win if the price for security is our civil liberties. I support making privacy an explicitly protected right in Oregon's constitution. I will keep our national guard out of foreign conflicts. I support a woman's choice regarding abortion. I support Oregon's Death with Dignity and medicinal marijuana laws. Oregon should get out of the "marriage business" entirely, return control of the marriage sacrament to churches, and offer civil unions to all couples regardless of gender mix.

Ron Saxton
Improving Schools

The Challenge: Measured by class size, dropout rates and student achievement, Oregon's schools are struggling. More money alone won't fix the problem.

The Solution: A Governor who will make big changes.

- As School Board Chairman, Ron helped schools save millions through better management and privatization of non-instructional services. He introduced more school choice, cut administrative waste, and supported regular audits and transparent budgets.
- To boost student achievement, Ron will maximize dollars spent in the classroom, encourage paying teachers based on performance rather than seniority, and reduce class sizes by reducing bureaucracy.

Responsible Fiscal Leadership

The Challenge: Too often Oregonians are choosing between higher taxes or reduced services.

The Solution: A Governor who delivers smarter management.

- Ron will establish clear priorities for state government, eliminate non-essential functions, hold agencies accountable for performance, and engage the private sector to deliver services more effectively and efficiently where appropriate.
- Ron will hold the line on taxes. He opposes a sales tax, will return your Kicker refund, and will cut the cost of Oregon's government bureaucracy 10% within four years.

Growing Oregon's Economy

The Challenge: Improving wages and creating better jobs.

The Solution: A Governor with a pro-jobs, pro-business attitude.

- Ron will reform Oregon's harsh regulatory climate, reduce the capital gains and estate taxes, and ensure Oregon's universities and community colleges are magnets for business investment.

Leading for Oregonians

- Rebuilding Oregon's State Police and cracking down on drug dealers and property crimes.
- Reducing healthcare costs.
- Stopping Oregon from issuing driver's licenses to illegal immigrants.
- Protecting private property rights.
- Promoting renewable energy.
- Supporting Oregon's natural resource industries.

The 2 "**BIG BOX**" **political parties** have been compromising
on issues for so long, it's nearly **impossible** to tell one from
the other.

Face it.

Virtually every aspect of our lives is coming under more and
more government control.

As governor I will fight to **END:**

Illegal immigration. Oregonians are being crushed under
the weight of educating, incarcerating, and medicating the
thousands in our state unlawfully.

Oregon taxpayer funded abortions. The Oregon Health
Plan uses **your** money (over \$1.5 million per year!) to kill 4,500
pre-born Oregonians. I won't sign a budget that pays for ending
the lives of innocents.

The illegal deployment of the Oregon National Guard
to foreign countries to fight unconstitutional wars. U.S. and
Oregon Constitutions agree – our troops were sent to Iraq and
Afghanistan **illegally**. I will demand their return.

Attacks on private property rights

State control of a bloated, ineffective education system.

Decentralize the schools, give control back to local school
boards and parents, allow **education dollars** to follow stu-
dents. **Support home schooling parents.**

Out of control child protective service agencies

Forced drugging of children

**Corporate data-mining of Oregonians' personal/
financial information.**

Requiring taxpayers to prop up a failed PERS system.
Replace with a 401k type program. Privatize administration.

All legislation aimed at eroding the 2nd Amendment.
Gun owners' rights must not be compromised!

Rick Ross for an Effective Legislature through Leadership and Experience

I seek this position because our legislature needs to start doing what is right for Oregonians. With this very altruistic view I submit: My track record in my professional and personal life is a successful one of being able to work with people of very diverse interests. In any setting I emerge as a leader and a person who gets things done. In the Senate I would work to subdue the prevailing divide of party politics while facing the realities of the difficult issues facing Oregon.

My successes in forming a family, in government service, establishing a farm business, and in community service will enable me to serve people of Senate District 13 and Oregon effectively. I will not be a stranger to people of Senate District 13 and promise accessibility as I serve. Education, public safety, health care and business infrastructure are some of my key focuses.

Family: Husband to Bonnie for 46 years. A very close father to my four married daughters and their families. Grandfather to 10 grandchildren.

I ask you for your vote, and I pledge to be accessible, listen, and bring forward your needs and those of the future generation of Oregonians. With a decade of accomplishments in the private sector, I can help provide a focus on long term improvements in efficiency and effectiveness for our public sector.

My priorities:

Fiscal Responsibility

We need a state revenue system that is fair, progressive, stable, adequate for the needs of our community, with corporations paying a fair share, and a budget that addresses the moral imperative of ending poverty, hunger and homelessness in Oregon.

Living Wage Jobs

We should invest in the infrastructure and services that large and small businesses need to create living wage jobs with good benefits, and keep those jobs from moving overseas.

Quality Education

We need a long term commitment to improvement in our public education at all levels, from pre-K through community colleges and state universities.

Affordable Health Care

We must address the causes of the rise in health care costs, have the health care industry justify rate increases, and cut dramatically the number of uninsured Oregonians.

Reproductive Rights

We can make abortion rare by working on prevention, education, and support for mothers and children after birth, while preserving women's reproductive rights.

Civil Liberties

We must continue to preserve, protect, and advance the basic rights guaranteed by the U.S. and Oregon Constitutions, and the civil rights of all Oregonians.

Healthy Schools

Senator Bruce Starr wants to ensure tax dollars actually get into Oregon classrooms where they can be used to lower class sizes and improve student achievement. He is the leader in requiring at least 65% of every dollar be spent in the classroom to support our students and our teachers.

Maintaining a Healthy Economy

Washington County is growing and our transportation system must keep pace. New bridges over the Tualatin River, new interchanges and additional lanes on the Sunset Highway, Senator Bruce Starr is working to expand infrastructure and secure our community's continued economic success.

Passing Jessica's Law – Protecting Oregon Children

Senator Bruce Starr led the fight in Oregon to pass Jessica's Law. Jessica's Law will guarantee that sexual predators who commit the most heinous crimes against our most vulnerable will serve a mandatory 25 year sentence.

Private Property Rights

Private property rights are foundational to the freedoms granted us by God and guaranteed by our Oregon and Federal Constitution. Senator Bruce Starr has consistently supported and will continue to support Oregonians private property rights.

Fiscal Restraint

Oregon Legislators must save a percentage of revenue during the boom years to fill the gaps during the bust years. To protect Oregon's future Senator Bruce Starr will continue to work for a budget reserve fund.

Working for Washington County

"Bruce Starr's leadership to solve Washington County's transportation problems and protect our children from sex predators has gained him national recognition. He's a leader who actually gets things done for his constituents." U.S. Senator Gordon Smith

VOTE for DON FELL ...for children, jobs, education, and economic development. We export our most precious commodity, our children. They leave for college and don't return due to lack of quality-family wage jobs.

This race is NOT about which party, but your future! Let's compare the candidates:

Johnson voted against timber, fishing, agriculture, and small business. She has failing grade by OFS (timber/agriculture) OFBF (agriculture) and 36% NFIB rating (small business). Her party is responsible for thousands of acres taken from our district's agricultural production, and set-aside plans for entire Oregon Coast-line as marine sanctuary, no trawler or line fishing, no shrimping, no crabbing.

She is 30+ year sustaining member 1000 Fiends, and votes about 90% with Kate and Ginny, voting for Portland, not District 16.

DON supports the District and Oregon's natural resources industries of family farms, forestry, and fishing on streams, rivers, and ocean.

DON wrote SB699 to care for Tillamook Forest's diseased trees, harvesting and replant of half-million acres for 40-years period - this bill killed by her party.

DON testified and strongly disagrees with Democrat Kulongoski's plan for entire Oregon Coast Marine Sanctuary.

DON believes governments should live within its budget and signed pledge NO new taxes.

DON believes in quality education for children, reduce State mandates, let teachers teach, return school control to parents.

Don believe personal identification security is lacking, and will introduce legislation to limit social security number usage in Oregon to banking and IRS needs -- not for everyday accounting identification purposes.

Two years ago I was re-elected to serve a third term in the House of Representatives but was selected unanimously by the Boards of Commissioners of the five counties that comprise Senate District 16 to complete Senator Joan Dukes' unexpired term when she resigned to accept an appointment to the regional power planning agency.

In addition to fulfilling my new responsibilities as Senator, I have spent the past two years traveling the District meeting with you and learning as much as I could about the issues important to the citizens of District 16. The warm welcome I have received has been truly gratifying.

We are facing serious problems with our natural resource-based industries and, although other segments of our economy are improving, they are not able to provide the quality jobs we all want for our communities. I recognize that there are no perfect answers, but together I am confident that we can at least find some very good ones.

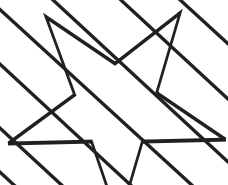

My goal is to represent you in a manner that will help restore your confidence in State government. I have made every effort to avoid the partisanship that has plagued our Legislative process in recent years. Instead I have attempted to work with all my colleagues, regardless of party, to find common ground to meet Oregon's challenges.

It is a privilege to represent you as your voice in the Oregon Senate and I would appreciate your continued support. I assure you that I will continue to do my very best on your behalf.

PRIORITIES, NOT POLITICS

Nothing's more important to Brad than his duty to the neighbors he serves--not party, not politics. It's why he's trusted to stand up for his community.

As our Senator, Brad will continue:

MAINTAINING QUALITY EDUCATION

Brad is fighting for a full school year and Rainy Day Fund to stabilize school budgets. When legislation was introduced to eliminate music, art and PE classes, Brad stopped it.

"The legislature has no stronger advocate for public education than Brad. By sponsoring the only no-cuts education budget, he took a stand when others wouldn't."

-Susan Castillo, State Superintendent of Public Instruction

MAKING HEALTHCARE AFFORDABLE

Brad sponsored bills to reduce prescription costs, make health insurance affordable, and force insurance companies to cover needed treatments.

"Brad is a champion for seniors and those who are ailing."

-Representative Mitch Greenlick

PROTECTING HEALTH AND SAFETY

By sponsoring biofuel production and pesticide reporting bills, Brad helped preserve clean air, clean water and Oregon's natural beauty. Brad also toughened penalties for drunk driving and identity theft.

"Whether saving our schools, protecting our environment, or advocating for equal rights, Brad is always there fighting for Oregonians. He'll be an invaluable leader in the Senate."

-Governor Barbara Roberts

"Brad is a special public servant. He loves Oregon. He works hard. He's very fair. He truly cares about the children, the environment, and all Oregonians.

We need him in the Oregon Senate.'

As a local physician I have spent over a decade healing people and fixing problems. Today, when I look at Oregon I see problems but I also see solutions; simple solutions that only a fresh prospective can provide.

Healthcare

Our healthcare system is the best in the world but it has gotten bogged down in bureaucracy and unnecessary regulation. It's not right when a physician spends 15 minutes treating a patient and 20 minutes filling out the paperwork. We must simplify the system so our physicians can come out from behind the desk and get back to treating patients. As your state senator I want to put common sense back into healthcare.

Education

As a parent with school age children I understand the challenges faced in our classrooms every day. We need to make sure our children are ready to enter a global economy. No longer will your son or daughter only have to compete with the child across the street, they will have to compete with children across the globe. It is our responsibility to prepare them for those challenges

Today, only 59% of every dollar we send to our schools actually makes it to the classroom. By increasing that number to 65% we can reduce class sizes without raising taxes or cutting other vital state services.

Traffic

Our area has made progress when it comes to reducing traffic congestion. Those of us that drive Highway 26 every day know the answer is simple, we must add lanes to our highways. We must keep Oregon moving.

The solutions to these and other problems facing our state are simple; it just takes a fresh perspective. I want to provide that fresh perspective and I would be honored to be your next state senator.

Our problems will not be solved by the minds that created them
– Albert Einstein.

The government now takes 48% of the national income in federal, state, and local taxes – U.S. Census Bureau.

I for one, think that's too much.

Education – If education is the legislature's top priority, as they say it is, then why don't they fund it first?

Because then they wouldn't have enough money to fund their contributors pet projects. And, as happens every legislative session, they then proclaim another "crisis in our schools".

Public Safety - Next we should fund public safety. I know that the attorneys are going to be disappointed if we end the revolving door of our justice system, but they are not typically the ones at risk.

The only way you waste your vote is by casting if for someone you know will make government bigger.

First look to yourself to provide what you need. Then look to your family, then your neighbors, and, as a last resort, look to government

As a lifelong Oregonian, I believe that the current legislature has a real disconnect from the true will of the people. That's why I'm running.

Since it appears that they aren't listening to you, perhaps you might want to elect someone who would.

As a candidate for a very important office, I ask you to consider
what your government is here for. My belief is that government
is here to protect our rights, not grant them. The government to
which we are required to pay our hard earned dollars continu-
ously takes our rights away in the name of "protection."

Currently, Senate District 19 is being represented by a man who
proclaims to be a proponent of liberal ideals. In reality, Senator
Devlin is not as socially tolerant as he would like to seem. He
did not sponsor Senate Bill 1000, which prohibits discrimina-
tion due to sexual orientation. In addition, the incumbent has
continuously failed to protect our civil liberties – never receiv-
ing higher than a 43% rating from the ACLU'

If I am elected State Senator, one of my top priorities will be to
do everything I can to stop our government from discriminating
against any Oregonian. In addition, my other top priority will be
protecting everyone's civil liberties. I will never vote on any bill
that would infringe upon your freedoms. When it comes time
to vote make sure to make the right decision and vote for the
candidate who believes in personal freedom, personal respon-
sibility and equality for all.

Dear Neighbor:

As your State Senator I have worked hard to be worthy of the
trust placed in me. As one of the Senate's leading budget writ-
ers, particularly in education, I restored funding to Head Start,
successfully fought to improve school funding, stopped the
decline in funding for our community colleges, improved fund-
ing for higher education, stopped double digit increases in
university tuition, fully funded student assistance and gained
approval for the most ambitious capital improvement program
in state history.

There is much that we can do for Oregon and our community. I
am asking for your support. Together we will:

- **Improve and stabilize funding for our schools**, while ensuring that funding is focused on the classroom.
- **Strengthen our economy**, by creating a business environment that supports job creation and retention and by making wise investments in our Community Colleges and Universities.
- **Effectively address issues that are important to people** such as traffic congestion, the livability of our neighborhoods, the rising cost of healthcare, the safety of law-abiding citizens and meeting the needs of Oregon's most vulnerable citizens.
- **Pursuing a bi-partisan agenda that unites Oregonians** and respects the values and needs of all citizens.

Respectfully,

Oregon needs to invest in our neighborhood public schools to ensure our children have a world class education so they can compete in a global economy. Oregonians not only want first class schools, but they want schools to come first.

Specifically, I want to reform Oregon's high schools by:

- Maximizing teachers' instructional days to get a longer school year and reduce teacher burnout by easing their workload through flexible scheduling.
- Adding "Communication Intensive" electives that focus on writing and speaking, in subject areas that will engage students' passions.
- Creating incentives for large school districts to digitally stream classes across Oregon so that all students can achieve their American Dream.
- Offering public-private partnerships to allow certified teachers earn money, experience, and recertification through fellowships in the private sector rather than by paying tuition for classes.
- Building a central online repository for syllabi, lesson plans, and curriculum to help teachers across Oregon collaborate.

Oregon needs to reassess how government works. Well managed government should serve the people by working with their input and for their best interests.

Oregon needs to remember its values while planning for the future. Our reputation as a friendly, open-minded, and environmentally conscious state needs to endure. Our natural resources and historical leadership in the environmental movement give us a comparative advantage and legacy to attract new industries that will be a large part of the 21st century: recycling technologies, renewable energy development and biofuels. Leading the development of these industries is a win for our environment and a cornerstone for a new Oregon economy.

IT'S TIME FOR CHANGE. It's time to make Oregon's House of Representatives work for you instead of political bosses and lobbyists. It's time voters in House District 26 had a representative exercising his own judgment and not obedient to big lobby interests.

I am a Democrat because the Democratic Party cares about people and does so responsibly and with compassion. Therefore:

I will fight for economic relief for working people: tax reductions for individuals, refund of taxes collected by utilities but not paid to government, and changes in tax rules for stock corporations so they pay their fair share and create a better Oregon economy.

I will fight for justice on a broad range of subjects: adequate funding and sensible solutions for education and health care problems; civil rights laws applicable to all Oregonians on the same terms; laws to control predatory businesses like payday lenders and other price gougers; and separation of drunk drivers from their cars.

I will fight to create new jobs: new transportation and highway initiatives (including a "Northwest Passage" highway from Wilsonville to Scappoose); and promoting alternate energy, stem cell research, and other new technologies.

Oregon must move beyond the irresponsible recent history of Oregon's House of Representatives. The current Republican bosses and lobbyists have deliberately derailed a responsible education budget, an effective health care system, adequate police protection, responsible protection for working men and women, and progress in many other areas.

Help Oregon return to the responsible tradition of Tom McCall when legislators worked together for the benefit of all Oregonians!

"As a third-generation Oregonian, nothing is more important to me than raising my kids here and watching them grow into productive, responsible citizens. I'm running to ensure that my kids and your kids have a quality education, the opportunity for a good job and the chance to raise their families here in Oregon."

Dom Biggi

Funding Education – Nothing is More Important

Our schools and our kids deserve stable school funding. We need to fund education first so school districts can set their budgets early and with certainty. Inefficiencies need to be eliminated and more dollars need to be dedicated to the classroom. I support the plan to dedicate 65 cents of every education dollar to classroom instruction.

More Jobs, More Stability

Funding education will help prepare our children to compete in the global market and be successful. A better education means more family wage jobs which produce more revenue for the state for essential programs and services. Fostering a climate where small businesses can succeed, create jobs and produce revenue is important for the economic health of Oregon.

Quality of Life

We are fortunate to enjoy a great quality of life, not only in Oregon's natural beauty but also in our day-to-day lives – we need to maintain that. Improving access to health care, solving traffic congestion, immigration concerns and government spending are important issues that need to be addressed in order to ensure our quality of life.

"As a small businessman, Domonic Biggi is uniquely qualified to serve in the legislature. He understands the economics of business and how important jobs are to getting Oregon back on the right track. Domonic is a consensus builder who wants to move beyond partisan politics and work on better solutions for Oregonians."

"Tobias understands that the decisions we make in the next few years will determine the health of our state for decades.

That's why I'm voting for Tobias Read to be our next State Representative from District 27."

- Representative Mark Hass

While today's politicians are pointing fingers and offering vague promises, Tobias Read is providing real leadership for Oregon's future.

Leadership for the Long Run: Choose progress and innovation over partisanship and inaction. That is how we restore trust in government and improve our community.

World-class education: Create a Rainy Day Fund to remove volatility from school budgets, enable school districts to plan for the future, and enable students to meet higher academic standards.

"Tobias Read's plan will help give all our children the opportunity to succeed in school and in life."

Priscilla Turner, Beaverton School Board Chair

Affordable healthcare: Expand Oregon's Prescription Drug Purchasing Pool, allowing individuals to save money on life-saving medicines. Require insurance companies to hold public hearings before raising our rates.

"Tobias knows what it takes and will work hard to make healthcare accessible and affordable for every Oregonian."

Kelly Maggi, Chair, Oregon Nurses Association, Cabinet on Health Policy

drug dealers are a scourge on our communities and must be
penalized harshly. All of these people deserve life in prison
without parole on their first offense. State police, sheriff depart-
ments and prosecutors need to have proper funding to combat
these criminals as well as homeland terrorists and their
conspirators.

Combating illegal immigration is my greatest concern.
Exacting crippling financial penalties to companies who hire
exploited undocumented workers is one key way to take charge
of the epidemic. Another way to fight back is to deny tax funded
services to illegal immigrants. Incarceration until deportation
should be our strictly enforced state policy.

Creating a culture where public safety and illegal immigration
are primary concerns comes with new costs which could
easily be covered by diverting funds from our state's welfare
programs.

I have a vision that will enable Oregon to remain a great place
to live and I have the will to make it happen.

Who I am: I have a lovely wife and two young children. I also enjoy outdoor activities, sports, martial arts, working with my church's youth group. I am honest, caring, and reasonably intelligent :). I like the KISS principle (Keep It Simple Stupid).

Applicable Skills and Experience: Pathfinder club director, national Pathfinder convention instructor, Pathfinder leadership convention organizer. Pathfinder Master Guide (roughly equivalent to Eagle Scout). Enjoy people, good listener, critical thinker.

On Budgeting

In times of plenty, government should invest in infrastructure and store up some money for the lean times. In lean times, run lean and cut the fluff like any business or family. Better yet, like a good business, don't add the fluff in the first place. We should pay for services provided. For example, gas taxes should pay for road maintenance, etc.

On Democracy and Voting

I like Oregon's ballot measures. They are a good way of letting our politicians know what we want. There are other things that we could do to give voters a better voice. Instant Runoff Voting (<http://www.fairvote.org/irv/>) is one of a number of things that could save money and better represent voter's preferences.

On Security

I want to feel secure here in Oregon. I also want my freedom and privacy. These are not mutually exclusive values.

On Energy

I have a lot to say on this topic. We can do much more to Reduce, Reuse, and Recycle. We should decentralize our energy production and refining capacity to improve the energy grid's resilience to disasters. We should invest even more in renewable energy.

Dear Friends,

Two years ago, I asked you to give me the opportunity to apply my lifetime of problem-solving skills to the challenges facing our community.

I've done my best to honor your trust in me by concentrating on things that matter:

No more golden parachutes. Championed ending expensive bonuses and perks for retiring school administrators, fought for a no-cuts education budget.

Affordable health care. Worked to reduce prescription drug prices and hospital rates.

Reduce government waste. Supported aggressive audits of state government programs.

Tougher penalties for sex offenders. Helped pass laws making information on predatory sex offenders available on the Internet and imposing tougher sentences for sex crimes against children.

With your support, here's what I'll focus on in the future:

Fairness in school funding. Stop sending hundreds of millions of dollars in corporate kicker money to out-of-state corporations while local families struggle to keep our schools open.

Lower insurance costs for business. Create more low-cost insurance alternatives so small businesses can cover employees and their families.

Stabilize school funding. Establish a Rainy Day Fund to stabilize school funding over the long term.

Reduce crime and drug use. Hire 125 new state troopers to battle the meth epidemic and make it a crime for sexual predators to solicit children online.

I feel good about our accomplishments over the past two years, but there's still much work to do. I'm committed to finding needed solutions to the challenges facing Oregonians.

Sincerely,

including corrections, training and supervision; Law Enforcement Council—Community Involvement Award, Trainer of the Year—Oregon Police Academy, SOLV's Citizenship Award

Educational Background: Advanced Certificate in Law Enforcement; Graduated Oregon Sheriffs Command College; Certificate in All Use of Force; Advanced Certificate in Riot Control

Prior Governmental Experience: Current Mayor of Cornelius; Senior Trainer—Oregon Department of Public Safety Standards and Training

Making the Will of the Voter's the #1 Priority

As Mayor of Cornelius I have encouraged citizen participation in decision making. I promised to eliminate a water user fee that was imposed on the citizens of Cornelius and the fee was replaced with a broad based revenue source created through citizen participation in the city's budget committee. I will have the same open-door policy as your State Representative that I have had as Mayor.

Stop Wasteful Spending

Currently this state is suffering fiscally and I plan to focus on dealing with the structural problem of our government's wasteful spending. Our state must learn to live within its budget the same way you and I do. Our state resources must be reevaluated to determine where our government is running inefficiently. We must tighten spending while maintaining vital community services.

I'm asking for you to help me ensure we keep local control over local issues including spending policies, job creation and neighborhood safety.

Balance & Understanding: A Breadth of Experience

Balance

"Classrooms need a consistent financial foundation, and our quality of life requires upgraded transportation options and economic growth from job creation." **Everett Curry**

- I'll dedicate two-thirds of school funding to the classroom, providing \$240 million more for teachers, textbooks, libraries;
- Our transportation system must move people and goods efficiently;
- The tax and regulatory system must allow businesses to grow, thrive, and create jobs.

Understanding

"I see a positive future for Oregon. To achieve it we must be forward-thinking and not simply rely on solutions from the past." **Everett Curry**

- Proof of citizenship or legal residency should be required for a driver's license;
- Oregon should encourage alternative fuels. It's good for farmers and the environment;
- The state and our colleges and universities must work together to train more health care professionals.

A Breadth of Experience

- Works with small non-profits, churches, colleges, and charities in board and financial development;
- Named an "Oregon Volunteer of the Year" by Gov. Vic Atiyeh for founding a police chaplain program and homeless shelter;

Good Thinking. Real Accomplishments.

David Edwards is a leader with fresh ideas for the challenges we face. He'll meet our shared challenges by putting principles above politics and putting good ideas to work.

David grew up in Hillsboro and has gotten results on community issues that matter. For example, he helped pass the bond measure for Century High School when overcrowding threatened our schools.

As our State Representative, David will...

- **Ensure schools put more money in the classroom:** Reduce teacher health insurance costs and ban expensive 'golden parachutes' for retiring administrators.
- **Make health care more affordable:** Require big insurance companies to get Insurance Commissioner approval before they raise our rates; also, expand the Oregon Prescription Drug Program to all Oregonians.
- **Create more good-paying jobs:** Make smart investments in transportation & alternative energy and eliminate needless red tape.
- **Cut government waste:** Conduct aggressive audits to save taxpayers money and make it illegal for state agencies to hire contractors that send work overseas.
- **Reduce crime:** Enact harsher sentences for sexual predators and hire 125 more state troopers to stop meth trafficking.
- **Close tax loopholes:** Last year, David's small business paid \$80,000 in state taxes, while most large corporations paid just \$10. Tax loopholes like this are unfair to all of us, and shortchange our schools.

As Oregon's government grows ever larger and more intrusive, the freedoms of Oregon's citizens are ever more diminished. Although my Democrat opponent is an honorable man with a distinguished record of public service, he is an advocate for larger government, higher taxes and an oppressive business climate. The proper role of government is to protect its citizens from force and fraud, not to regulate their personal and economic lives.

Fund essential services first: Fire, police, courts and other agencies of our justice system should be fully funded. Criminals should not be set free because courts and jails are underfunded. State Police budget must be fully restored.

School Funding: As parents, we place the well-being of our children above all else, therefore, school funding should take priority over everything except essential services.

Term Limits: Too many politicians hold office far too long, building cozy relationships with corporations and lobbyists. Vote to reinstate term limits: [Yes on Measure 45](#).

Your Home: No level of government should ever be allowed to seize your home or property for the benefit of a private developer. Eminent domain should be used only for essential public services. [Yes on Measure 39](#).

Growth of Government: State spending that grows faster than Oregon's population and the rate of inflation will impoverish us all. Limit state spending by voting [Yes on Measure 48](#).

Funding for a Quality Education

Our education system needs an overhaul. As a turn-around specialist in banking, I helped return failing investments back to profitability and that's what our education system needs, a return to profitability. Our children deserve a quality education and we, as taxpayers, deserve to know our tax dollars are being spent in the classroom on instruction.

"I know Joan understands the importance of ensuring high academic achievement in our schools. I know she will be an asset to the Legislature and will work for excellence in the educational system." Carol Lewis, Teacher

Affordable Healthcare for Oregonians

High insurance premiums, lack of insurance coverage and high prescription drug costs affect us all. I believe in promoting programs that help prevent disease, encourage healthy life styles and enable cooperative small businesses efforts to negotiate with insurers for lower insurance premiums. We need to work together to find solutions to our healthcare crisis.

Making Oregon Safe Again

Meth and its devastating effects have touched us all in one way or another. Property crimes, identity theft and child abuse are just some consequences of Meth. I support holding convicted criminals accountable for their actions and protecting law-abiding citizens. I also believe we need to strengthen our State Police and place more troopers on the highways.

Limiting Taxes and Helping Create Jobs

Encouraging a business-friendly environment will create jobs and raise revenue needed to fund public programs and services. By limiting taxes, we help Oregonians keep more of their hard-earned dollars. I firmly believe in a controlled and balanced government budget.

**VOTE FOR FISCAL RESPONSIBILITY
AND SOCIAL TOLERANCE**

Most politicians will say one thing to get elected and then their own agenda will take hold once in office. They often try to tell us what to think. This election gives you a chance to think for yourself.

I'm ready for governance based on good civics, not the accumulation of power. That is why I am running. A Libertarian voting record can be predicted and relied upon. Libertarians have been elected to local offices all over Oregon and have consistently voted for more personal liberty and personal responsibility.

Politicians talk a lot about "sending messages." Now, you can send the politicians a message of your own. Remember - the only wasted vote is the one not cast.

Are you tired of your vote being pushed aside by special interests? Be your own special interest! Of all the promises in this voters' pamphlet, one will hold true after the election - Libertarian principles.

After this election, and until the next, you'll go back to your jobs. So will the politicians - but only if you let them. If you want something to be different in Salem, you won't get it by voting for Republicans and Democrats. I will be true to my constituents and will never become a career politician.

Constitution Party Statement

THE CONSTITUTION PARTY

We are the party that is calling America back to the sure foundation of

Life, Liberty, Limited Government.

What our candidates stand for:

Restore the United States to "One Nation Under God"

Return to Constitutional, Limited Government

Ending Abortion in America

Defend Individual Right to Keep and Bear Arms

**Restore National Sovereignty Including
Withdrawal from the U.N.**

**Cut the Federal Government Down to
Constitutional Size**

Find Our Lost Borders and Defend Them

In Absolute Terms**

**Restore Constitutional Sound Money
Backed By Gold**

**End Corporate Welfare
And the Export of American Jobs**

**Require Congressional Declaration of War
Before Engaging Our Military**

**Congressional Limitations on Jurisdiction
Of Federal Courts**

We are often asked, "Why not reform the two big parties?" It may be hard to admit but an honest appraisal shows that both parties are corrupt, addicted to 'big money', with no intention of ever returning to limited Constitutional government that puts the people's freedom first. What do you think will be the result of letting our government continue to make up its own rules? The horror of legalized baby killing is one result. Can you think of other social and economic degradations that runaway government has brought us?

DECLARE YOUR INDEPENDENCE!!!

DON'T WASTE YOUR VOTE!!!

Send a real message this year. Vote for what you want instead of some compromised down version of our American ideals. This citizenship business is not a game. It is a stewardship for which we will be held accountable by our Creator and our children's children.

If you are tired of seeing America on a down-hill slide morally and economically, If you question the long term consequences of a worldwide American empire, If you are weary of a government that tries to be god while it mocks the true God, Then consider Our Constitution Party candidates. They are pledged to the platform listed above.

In office they are each committed to:

- vote no on budgets that include taxpayer \$\$\$ for abortion**
- institute spending limits and individual efficiency audits for state programs**
- return authority to local school boards and parents**
- returning illegal aliens to the country they came from**
- end the practice of exporting American jobs**

Democratic Party Statement

The Democratic Party: Leadership For Oregon, A New Direction For America

Elections are about accountability.

This November the choice for our country couldn't be more clear or important.

We can unite behind Democrats to restore America's strength and prosperity. Or we can stay the course and allow George W. Bush's dangerous agenda to go unchecked for two more years.

No one is well served when the truth and good ideas become regular victims of blind partisanship and deception. Yet, that's exactly what's happening in Washington and during 16 years of Republican control of the Oregon House.

The time has come to take a stand.

The policies of George W. Bush and rubber stamp Republicans across the country like Ron Saxton and Oregon Speaker Karen Minnis are destroying our great democracy. Drunk with power, Republicans have governed with an arrogance that is outdone only by their catastrophic failures.

The costly occupation in Iraq, the shameless neglect of Katrina victims and Oregon kids being forced into increasingly crowded classrooms are not random accidents. Worse, they're the direct result of a deeply flawed and morally bankrupt right wing ideology that has hijacked today's Republican Party. Don't let them get away with it any longer.

You have the power to restore progress and common sense priorities by voting Democratic this November.

It's time to come together.

Democrats know that, as Oregonians, our shared values are far greater than our differences. There is no challenge facing our state or nation that is too great to overcome when we work together.

Democratic values are Oregon values. We cherish our natural environment that makes living in Oregon special and we share a commitment to quality schools, safe communities, and good paying jobs.

Together, we can launch a new era of leadership that rekindles Oregon's spirit of innovation and restores America's reputation in the world.

The Democratic Vision

Strong Schools For Our Children

Every child deserves a full opportunity for success that is not threatened by overcrowded classrooms, shortened school years or administrative waste.

Real Security

Defeating terrorism starts with telling the truth to our citizens, troops and allies. Oregon Democrats in Congress opposed Bush's war in Iraq from the outset and will continue to demand accountability until our brave troops are home.

Energy Independence

We will invest to make Oregon a leader in renewable energy and we will create a cleaner, stronger America by reducing our dependence on Middle East oil.

Economic Prosperity

Democrats will restore fairness by making big corporations pay their fair share and rebuild our middle class economically. We will create good Oregon jobs by promoting small businesses, sustainable industries and continuing to improve our transportation infrastructure.

A Health Care System That Works For Everyone

We will catch up to 36 other industrialized nations by making sure that everyone has access to high quality, affordable health care. No family should have to worry if a child's trip to the doctor will push them to the brink of bankruptcy, and no Oregonian should ever have to choose between buying medicine and paying rent.

Retirement Security

We will ensure that a retirement with dignity is the right of every American. We will block Republican schemes to dismantle Social Security and Medicare, and we will promote laws to protect pensions and encourage financial independence.

2006 Ballot Initiative Positions

You have important decisions to make about initiatives appearing on this year's ballot. Many times, these sound simple, but have tremendous consequences.

We hope you will consider your vote carefully on each of these initiatives. The Democratic Party of Oregon has taken the following positions:

- **Measure 40:** **OPPOSE**
- **Measure 41:** **OPPOSE**
- **Measure 43:** **OPPOSE**
- **Measure 44:** **SUPPORT**
- **Measure 47:** **OPPOSE**
- **Measure 48:** **OPPOSE**

To get involved or for additional information about these and other ballot initiatives, please visit our website at www.oregondemocrats.org or phone (503) 224-8200.

Jim Edmunson, Chair, Democratic Party of Oregon

Libertarian Party Statement

TIME FOR SOMETHING NEW. VOTE LIBERTARIAN.

www.lporegon.org

We are Oregon's third largest political party, with about 16,000 members. At the local level, **Libertarians win about two-thirds of the races they enter**. Libertarians serve in public office throughout Oregon as members of your school boards, water boards, city councils, planning commissions and similar bodies. **Libertarians in government consistently vote to maximize your freedoms, protect your rights, and minimize the intrusion of government into your lives.**

Are you tired of voting for the lesser of two evils? **Then stop doing it.** Republicans and Democrats have convinced millions of average citizens that they are powerless to take control over their communities. That's why many people don't vote. **Don't Buy the Lie.** You and your neighbors have real political power. **If you want a different world, start voting differently.**

This year, don't waste your vote on Republican and Democratic candidates. Their ideas and politics got us into our current mess and can't get us out. If you always do what you've always done, you'll always get what you've always had.

We offer this guide to voters concerning this year's ballot measures:

MEASURE 48: YES

Sustainability is good for the economy just as it is for the environment. In the long run, it is impossible to sustain spending growth that exceeds population and inflation. Without Measure 48 there will be no "Rainy Day Fund" and people will become dependent on government services, only to lose them during lean times. In the long run, a YES vote is the compassionate choice.

MEASURE 45: YES

Are you satisfied with the leadership our "experienced" legislators are providing? Service in a citizen legislature was never meant to become a career, and incumbents have written laws making it difficult for challengers to mount strong challenges. Term limits will return the legislature to the citizens and wrest control from the lobbyists.

MEASURE 39: YES

Government should never be allowed to seize your home in order to give it to a developer who promises to generate more tax revenue. This is legalized theft.

MEASURE 46: YES

The current system of regulating elections and election finances is designed to protect incumbents. The laws are so complicated that it is difficult and financially perilous for political challengers and citizen groups to seriously challenge an incumbent. This measure will make it hard for them to make the problem worse.

MEASURE 41: YES

Your taxes will go down, and your taxes will be computed more fairly.

MEASURE 42: NO

If insurance companies can establish a link between risk and any legal criteria, they have the right to price their products accordingly. Stacking the deck against insurance companies will only drive them away, leaving people with fewer companies who will have more control over the market - that's a REAL formula for high prices!

MEASURE 44: NO

People complain about pharmaceutical companies, but they sure like their medications. By opening the Prescription Drug Program to all, we effectively place a tax on pharmaceutical companies. Such companies may seem little more to us than faceless corporate targets for populist rage, but they are the ones who invent the drugs we need. It makes little sense to erode financial incentives to create new and more effective medications.

MEASURE 47: NO

Reporting requirements on political campaigns are supposed to provide legal transparency. Instead, they create fear. Too often, individuals and groups with something to lose are afraid to contribute to political challengers for fear of antagonizing incumbents. What kind of democracy is that? Such regulations have a chilling effect on the democratic process. Restricting the ability of candidates to project their messages isn't the answer either. Big money doesn't always win, and voters have the ability to think for themselves. It is ironic that some who claim to treasure democracy place so little trust in the voters.

Pacific Green Party Statement

Live Green? Vote Green.

Our world is in peril from war, greed, corruption, pollution and fear. We must do better.

While Democrats and Republicans bicker, and our planet grows sicker, Greens are creating change in communities across the country. We are growing. There are 11 Green elected officials here in Oregon and more than 200 nationwide.

Green change is possible with your vote. Don't let the other parties fool you into believing that you don't have better choices. We can have a country where our children can grow up healthy and strong. They will learn in schools that are rich in resources and opportunity.

We can have honorable elected officials. Don't settle for less. Vote for people who reflect your values.

Peace now

Join us to help bring peace to our war-torn world.

If we elect leaders who have peace in their hearts, then we can peacefully resolve conflicts at home and abroad. Greens oppose wars waged for oil and profits. Our position is clear: stop the wars and bloodshed in Iraq and elsewhere. Never torture prisoners or anyone else. Bring our troops home now.

Shame on Democrats and Republicans for so recklessly sending our children to war.

Protect our planet

Global warming is a disaster we must stop now. Renewable energy, clean air and water are our priorities. We must safeguard our natural heritage and beautiful landscapes from the timber, mining and ranching industries.

Why do Democrats and Republicans do so little to protect the environment? They are corrupt. In exchange for big campaign contributions, they do the bidding of big business. Greens believe that conservation and preservation of nature are more important than corporate profits.

Build our economy by helping working families

Our first economic priority is to raise the minimum wage to \$9 for all workers. By guaranteeing a living wage to workers, we will bring them hope. We will make sure that working families can meet basic needs like food and housing. Our second priority is to expand workers' rights to organize, bargain and strike.

Democrats and Republicans rarely put the needs of working families first. They are too dependent on corporate contributions. Greens are not for sale. We won't sell out because we are from working families like yours.

Health care for all

Every Oregonian should have access to quality health care. Health care is a right, not a privilege for the rich.

We will stop pharmaceutical companies from ripping us off. We will end the mess that insurance companies and HMOs create when we need medical care. We will not compromise our principles like most politicians.

Make big corporations pay their fair share

Greens have the courage to look big business in the eye and demand they pay their fair share of taxes. Why? Unlike the other parties, we don't take corporate contributions and perks.

It's time to end corporate welfare for the largest businesses. They ought to pay more so that we can have better schools, health care and environmental protection.

And it's time to get big money out of politics. The Pacific Green Party is pledged to endorse and work for Campaign Finance Reform Measures 46 and 47.

Excellent education

Our children deserve the best schools in the country.

Those of us who love children know that there is no time to waste. Schools must be restructured so that our children receive the attention and care they deserve. We need to focus less on test scores and more on true learning and understanding. We must give teachers the right equipment and resources to do their jobs well.

Let's face it: money won't solve our education crisis, but it will help us make sure that our school buildings are safe, children have the books and supplies they need to learn, and our school employees are paid what they deserve.

Join us. Vote Green.

General Information

Vote by Mail

What is Vote by Mail?

Vote by mail is a method of conducting elections. Instead of using traditional polling places where voters go to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between October 20 and 24, 2006. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by October 17 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated dropsite in the state. The times and locations of dropsites are available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 39¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. **Postmarks do not count!**

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8pm on November 7, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a County Elections Office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the County Elections Office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call 1-866-ORE-VOTES (1-866-673-8683) or the County Elections Office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

marking your ballot

- 1 Carefully read and follow all instructions printed on your ballot. The instructions will say whether you should use a pen or pencil to mark your ballot.
- 2 To vote, completely fill in the oval next to your choice.
- 3 To write-in a candidate:

- clearly print his or her name on the dotted line provided on the ballot
- fill in the oval next to the name you wrote-in

You must do both for your vote to be counted!

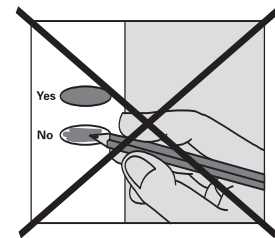

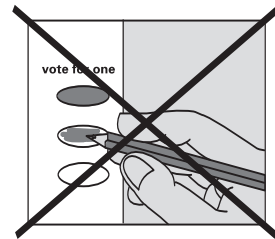

check your ballot!

If you vote for more candidates than allowed, or if you vote **both** Yes **and** No on a measure, it is called an overvote.

Your vote **will not count** for that candidate or measure.

You do not have to vote on all contests. Those you do vote on will still count.
