INDEPENDENT AUDITOR'S REPORT

January 15, 2009

Board of County Commissioners of
Washington County, Oregon, as Governing Body of
Washington County Service District for Lighting No. 1
Hillsboro, Oregon

We have audited the accompanying basic financial statements of Washington County Service District for Lighting No. 1, a component unit of Washington County, Oregon, (the District), as of and for the year ended June 30, 2008, as listed in the Table of Contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2008, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2009, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 5 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements. The Supplementary Data on page 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

June 30, 2008

As management of Washington County Service District for Lighting No. 1 (the District) a component unit of Washington County, Oregon, we offer readers of the District's basic financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2008. We encourage readers to consider the information presented here in conjunction with the District's basic financial statements, which begin on page 6. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The assets of the District exceeded liabilities at the close of the fiscal year by \$1,231. This entire amount is considered unrestricted net assets and may be used to meet the ongoing obligations to citizens and creditors.
- The District's total net assets increased by \$129 from fiscal 2008.
- The District has no debt.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise two components; 1) basic financial statements and 2) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Basic Financial Statements

The basic financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. For purposes of financial statement presentation, the District is classified as a proprietary fund of the enterprise fund type, and the financial statements present only business-type activities.

The *Statement of Net Assets* provides information about the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Revenues, Expenses, and Changes in Net Assets* presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported on the accrual basis of accounting when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods.

The *Statement of Cash Flows* presents information showing how the District's deposits with fiscal agents changed during the most recent fiscal year.

The basic financial statements can be found on pages 6 through 8 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the basic financial statements can be found on pages 9 through 11 of this report.

District Financial Analysis (Continued)

Revenues were down slightly due to a decrease in assessment rates. Staff monitors the electric utility's projected costs used for budgeting purposes and adjusts rates in subsequent years once actual costs are known. Higher electrical costs during the fiscal year are largely responsible for the increased expenses incurred by the District.

Future Financial impacts

The District continues to carry out its mission of providing street lighting to properties within the District. As new subdivisions are completed, the District coordinates the creation of new service areas, the installation of street lights by Portland General Electric, and contracts for power to run them. An effort is underway to reduce energy costs by contracting for power through an auction process. If lower energy costs are achieved in the future, savings will be passed on to customers in the form of reduced street lighting assessments.

Contacting the District's Financial Management

The financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Washington County Department of Support Services, Finance Division, 155 N First Ave., Hillsboro, OR 97214-3072, or call (503) 846-8811.

**WASHINGTON COUNTY SERVICE
DISTRICT FOR LIGHTING NO. 1
(A Component Unit of Washington County, Oregon)
Notes to Basic Financial Statements
June 30, 2008
(Dollars in thousands)**

1. The District

The District was formed in October 1980 to administer street lighting in certain unincorporated areas of Washington County. Lighting facilities and power service are provided by Portland General Electric Company.

The District, under the criteria of the Governmental Accounting Standards Board (GASB), is considered a blended component unit of Washington County, Oregon (the County) due to the fact that the Washington County Board of Commissioners is the governing body of the District. All significant activities over which the District exercises oversight responsibility have been included in the basic financial statements.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation and Accounting

The District's basic financial statements are maintained on a flow of economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded at the time they are earned and expenses are recorded at the time liabilities are incurred.

The District has applied all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict Governmental Accounting Standards (GASB) pronouncements. All FASB Statements and Interpretations issued after November 30, 1989, have not been applied as allowed by GASB Statement No. 20.

Operating Revenues, Non-operating Revenues and Operating Expenses

The District has defined operating revenues to include all service charges and other applicable charges for services directly attributable to providing street lighting services in certain unincorporated areas of Washington County.

Operating expenses are defined as those expenses directly related to providing the services defined within operating revenues.

Deposits with Fiscal Agent

Deposits with fiscal agent comprise funds held by the Washington County Department of Support Services, Finance Division, in the County's cash and investment pool on behalf of the District. Unrealized gains and losses as well as interest earnings are allocated from total County earnings based on the proportion of District funds to total County funds.

DISTRICT FOR LIGHTING NO. 1
(A Component Unit of Washington County, Oregon)
Notes to Basic Financial Statements (Continued)

(Dollars in thousands)**

2. Summary of Significant Accounting Policies (Continued)

The District considers deposits with fiscal agent, which is used as a demand deposit account, to be cash and cash equivalents. This treatment is in conformity with GASB Statement No. 9, which states that deposits in cash management pools that have the general characteristics of demand deposit accounts are appropriately classified as cash equivalents.

Lighting Assessments

Lighting assessments are recognized as receivables and revenue at the time property owners are assessed. All assessment receivables are due from property owners within the District.

Vested Compensated Absences and Sick Pay

The District's personnel are exclusively contracted Washington County employees. Accordingly, the liability of vested compensated absences is recorded by the County. Reference should be made to the Washington County, Oregon, Comprehensive Annual Financial Report for the year ended June 30, 2008 for treatment of vested compensated absences and sick pay for County employees.

Budget

A budget is prepared for the District in accordance with the modified accrual basis of accounting and legal requirements set forth in the Oregon Local Budget Law. The resolution authorizing appropriations sets the level by which expenditures may not legally exceed appropriations. The District's expenditure budget is appropriated at a single amount for its operations, including contingency and transfers.

Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. The Board of County Commissioners at a regular Board meeting may adopt supplemental budgets less than 10% of the organizational unit's original budget. A supplemental budget greater than 10% of the organizational unit's original budget requires a hearing before the public, publication in newspapers and approval by the Board. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control with approval by the Board. Expenditure appropriations may not be legally over expended except in the case of reimbursable grant expenditures or other specific circumstances which could not be reasonably estimated at the time the budget was adopted. After budget approval, the Board of Commissioners may approve supplemental appropriations if an occurrence, condition or need exists which was not known at the time the budget was adopted.

There were no supplemental budgets or appropriation transfers during the year. Appropriations lapse at the end of each fiscal year.

3. Pension Plan

The District's personnel are exclusively contracted Washington County employees. Substantially all of the County's employees are participants in the Oregon Public Employees Retirement System (OPERS), a state-wide multi-employer defined benefit pension plan. Contributions to OPERS are made on a current basis as required by the plan and are charged to expenditures/expenses as funded. Further information regarding OPERS can be found in the June 30, 2008 Washington County, Oregon, Comprehensive Annual Financial Report.

4. Insured Risks

Potential liabilities for liability/casualty claims are covered under the self-insurance plans maintained by Washington County. Accordingly, insurance reserves are recorded by the County. Reference should be made to the Washington County, Oregon, Comprehensive Annual Financial Report for the year ended June 30, 2008 for treatment of insurance risks.

5. Transactions with Related Parties

The District's assessments are billed and collected through Washington County's Department of Assessment and Taxation and the District's accounting and clerical functions are performed by County personnel. Washington County charges the District for administrative costs based upon transactions processed. The total charges by Washington County for the fiscal year ended June 30, 2008 were \$190, plus departmental overhead of \$20.

REQUIRED BY STATE REGULATIONS**

January 15, 2009

Board of County Commissioners of
Washington County, Oregon, as Governing Body of
Washington County Service District for Lighting No. 1
Hillsboro, Oregon

We have audited the basic financial statements of the Washington County Service District for Lighting No. 1, a component unit of Washington County, Oregon, (the District) as of and for the year ended June 30, 2008, and have issued our report thereon dated January 15, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained on *Government Auditing Standards* issued by the Comptroller General of the United States and *Minimum Standards for Audits in Oregon Municipal Corporations*.

INTERNAL CONTROL OVER FINANCIAL REPORTING

We considered the District's internal control over financial reporting as necessary to plan and perform our audit of these basic financial statements. We have issued our report on internal control over financial reporting and on compliance and other matters dated January 15, 2009. That report can be found on page 17 of these financial statements.

ADEQUACY OF ACCOUNTING RECORDS

The District's accounting records were reasonably maintained and adequate to support our audit of the basic financial statements.

ADEQUACY OF COLLATERAL SECURING DEPOSITORY BALANCES

Oregon Revised Statutes Chapter 295 requires that each depository throughout the period of its possession of public fund deposits shall maintain on deposit with its custodians, at its own expense, securities having a value not less than 25% of the certificates of participation issued by the pool manager for funds in excess of those insured by the Federal Deposit Insurance Corporation. Reference should be made to the Washington County, Oregon, Comprehensive Annual Financial Report for June 30, 2008, for compliance with Oregon Revised Statutes relating to collateralization of deposits.

INVESTMENTS

Reference should be made to the Washington County, Oregon, Comprehensive Annual Financial Report for June 30, 2008, for compliance with Oregon Revised Statutes relating to investments.

LEGAL REQUIREMENTS RELATING TO DEBT

The District has no outstanding debt.

BUDGET COMPLIANCE

The District appears to have complied with Local Budget Law (ORS 294.305 to 294.520) in the preparation, adoption and execution of its budget for the year ended June 30, 2008, and the preparation and adoption of its budget for the year ending June 30, 2009. A description of the budgeting process is included in the Notes to Basic Financial Statements.

INSURANCE POLICIES AND FIDELITY BONDS

We have reviewed the District's insurance and fidelity bond coverage at June 30, 2008. We ascertained that such policies appeared to be in force and in compliance with legal requirements relating to insurance and fidelity bond coverage. We are not competent by training to comment on the adequacy of the insurance policies covering District-owned property at June 30, 2008.

PUBLIC CONTRACTS

The District's procedures for awarding public contracts were reviewed and found to be in accordance with ORS Chapter 279.

OTHER

Compliance with the following is not applicable to the District:

- Programs funded from outside sources
- Financial reporting requirements
- Highway funds

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

January 15, 2009

Board of Commissioners

Washington County, Oregon, as Governing Body of
Washington County Service District for Lighting No. 1
Hillsboro, Oregon

We have audited the financial statements of Washington County Service District for Lighting No. 1, a component unit of Washington County, Oregon, (the District) as of and for the year ended June 30, 2008, and have issued our report thereon dated January 15, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement

of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Commissioners, management and the audit committee, and is not intended to be and should not be used by anyone other than those specified parties.
