SUPPORTIVE HOUSING SERVICES QUARTERLY REPORT

SUBMITTED BY (COUNTY):
FISCAL YEAR:
QUARTER:

SUPPORTIVE HOUSING
SERVICES QUARTERLY REPORT
TEMPLATE DRAFT

The following information should be submitted 45 calendar days after the end of each quarter, per IGA requirements. When that day falls on a weekend, reports are due the following Monday.

	Q1	Q2	Q3	Q4
Report Due	Nov 15	Feb 15	May 15	Aug 15
Reporting Period	Jul 1 – Sep 30	Oct 1 – Dec 31	Jan 1 – Mar 31	Apr 1 – Jun 30

Please do not change the formatting of margins, fonts, alignment, or section titles.

	Permanent Supportive Housing	Rapid Re-Housing	Housing with Services	Housing Only	Prevention	Shelter Units
YTD Progress [1]	302	312		150	392	410
Goal	175	200		100	300	385
SHS Year 1 to Current Date	2141	1160		223	3535	361

Section 1. Progress narrative

One of each category/work plan goal must be covered in at least one quarterly report during the year. Metro will assist each county by tracking accordingly to ensure each category is covered throughout the year. In no more than 3-5 pages, please provide an executive summary and additional narrative to include:

[1] ***The data received each quarter may be slightly different than the revised and most up-to-date information received in the Annual Report. Data from the Annual Report will be used for final year-end figures.***

- *A high-level snapshot of your quarterly outcomes that tells us if you are on track or not on track with your Annual Work Plan goals. Which can include overall challenges and barriers to implementation, opportunities in this quarter, success in this quarter, emerging challenges and opportunities with service providers.*

- *A focus on **one or two** of the following:*
    - *Behavioral health*
    - *New investments*
    - *Leverage*
    - *Service systems coordination*
    - *Any other topic connected to your local implementation plan*

- *A focus on **one** of the three annual work plan categories, with one or two highlights and/or progress updates:*
    - *Racial equity*
    - *Capacity building: lead agency/ systems infrastructure,*
    - *Capacity building: provider capacity.*

- ***Optional** narrative of the following regarding regional coordination:*
    - *Coordinated Entry*
    - *Landlord Recruitment*
    - *Healthcare System Alignment*
    - *Employee Recruitment and Retention*
    - *Training*
    - *Technical Assistance*

  **As an addendum to this report, Metro will attach individual progress reports for each area of regional coordination, which will provide additional details on implementation—including deliverables and milestones, metrics and outcomes, and budget information.*

- *A reflection on your progress for the quarter that includes your investments and programming during the reporting period.*

- *Please also connect any of the above narratives to your data tables, as applicable.*

<u>Program highlights</u>

Quarter 4 closed the fiscal year with significant achievements across housing placements, community engagement, and system coordination. To start, the Homeless Services Division **exceeded all numeric housing goals.** Permanent Supportive Housing placements reached 302 households, nearly double the annual goal of 175. Rapid Re-Housing placements totaled 312 households (goal: 200), Housing Only placements reached 150 households (goal: 100), and eviction prevention services supported 392 households (goal: 300). Much of the eviction prevention work was intentionally concentrated in the second half of the year to address the loss of state and federal resources and ensure households most at risk remained stably housed.

The County also launched the Access Center Notice of Funding Offering for a central county location, expanding geographically balanced “front door” entry points across Washington County. Community engagement for a new 60-pod shelter located in Aloha concluded this quarter with a finalized Good Neighbor Agreement and the official announcement of its new name, Next Step Community, selected through collaboration with neighbors and current shelter guests.

System Improvements

Quarter 4 advanced several system improvements focused on regional alignment, clarity, and longterm operational efficiency. This quarter Washington County partnered with Clackamas County on a joint Request for Programmatic Qualifications (RFPQ) to update our list of qualified homeless services providers through 2030. This reduces administrative burden for service providers applying in multiple counties or procurement offerings and expands our list of eligible providers, allowing the Homeless Services Division to work with the most qualified providers.

Several major policy updates were completed, including an updated Program Manual for all SHS-funded contractors and a revised eligible expense guide for case managers, outreach workers, and housing liaisons. These updates strengthen clarity, consistency, and fiscal stewardship. The Continuum of Care Manual was also updated to help Washington County remain competitive for federal funding amid rapidly changing national requirements. Work also progressed on administrative rule alignment and policy review to ensure consistent implementation across programs.

Nearly all multiservice contracts were executed by the end of the fiscal year, reducing administrative burden for service providers and ensuring continued stability through multi-scope contracting. Performance metrics were also updated in program contracts to improve alignment with program objectives and feedback received from providers. These metrics will be tracked in monthly meetings between providers and county program staff, to ensure overall system performance. The Division also completed a countywide survey of partner staff to identify training needs and priorities, which will inform a multiyear training implementation plan.

At the same time, Washington County continued to receive questions and feedback regarding balancing neighborhood concerns around siting shelters and transitional housing against important low barrier shelter practices that allow us to serve anyone experiencing homelessness. To proactively affirm Oregon law, the Department of Housing Services is working towards implementing an eligibility check for shelter and transitional housing locations within 1,000 feet of a school or daycare facility to confirm participants do not have residency restrictions pertaining to such locations. The approach was developed collaboratively with the Sheriff’s Office and Community Corrections and was unanimously supported by the Board of County Commissioners.

Challenges and Areas of Focus

Several challenges continued to shape program priorities heading into the next fiscal year. Funding requirements for Population A and B (with 75 percent dedicated to Population A) limit the County’s ability to invest in eviction prevention strategies and support households at imminent risk of homelessness. This remains a significant area of concern as worsening economic conditions and other rollbacks of federally funded services compound for households at risk of homelessness.

At the same time, changes at the federal level continue to require extensive planning, putting pressure on homeless service both directly and indirectly. The federal change to HR1 could result in loss of Medicaid coverage for many program participants, creating instability in access to healthcare and social services. Reduced healthcare support may place additional pressure on the housing system and contribute to poorer health and housing outcomes, making this a key area for monitoring and preparedness.

The current FY 2026 Continuum of Care (CoC) NOFO represents a dramatic departure from the status quo, and with it comes a host of challenges of shifting priorities and funding that was previously used to house chronically homeless individuals in Permanent Supportive Housing (PSH). In addition to reducing funding for PSH and adding a focus on transitional housing, Washington County is working in partnership with our providers to put forward the most competitive application possible. Transitioning systems at the scale required, navigating repeated HUD delays in releasing the Notice of Funding Opportunity, and mitigating potential impacts to people currently housed with CoC resources, is a significant administrative burden for the Homeless Services Division. More importantly, it could increase homelessness in our region due to housing programs closing in other Oregon communities because of HUD's shift in priorities.

Section 2. Data and data disaggregation [2]

Please use the following table to provide and disaggregate data on Population A, Population B housing placement outcomes and homelessness prevention outcomes. Please use your local methodologies for tracking and reporting on Populations A and B. You can provide context for the data you provided in the context narrative below.

Section 2.A Housing Stability Outcomes: Placements & Preventions

Housing Placements By Intervention Type: Permanent Supportive Housing

Section 2.B Regional Long-Term Rent Assistance Program

The following data represents a **subset** of the above Housing Placements data. The Regional Long-term Rent Assistance Program (RLRA) primarily provides permanent supportive housing to SHS priority Population A clients (though RLRA is not strictly limited to PSH or Population A).
RLRA data is not additive to the data above. Housing placements shown below are duplicates of the placements shown in the data above.

*Please disaggregate data for the **total number of people in housing using an RLRA voucher** during the quarter and year to date.*

NOTE: There are duplicative counts happening with local and state funding due to changes in Washington County's YARDI configuration. We are working to adjust and will update these numbers for the Annual Report.

Section 2.C Other Data: Non-Housing Numeric Goals

This section shows progress to quantitative goals set in county annual work plans. Housing placement and prevention progress are already included in the above tables. This section includes goals such as shelter units and outreach contacts and other quantitative goals that should be reported on a quarterly basis. This data in this section may differ county to county, and will differ year to year, as it aligns with goals set in county annual work plans.

Instructions: Please complete the tables below, as applicable to your annual work plans in Quarter 2 and Quarter 4 Reports.

Number of people in Shelter*	**Current Quarter**	**Year to Date**

Section 3. Financial Reporting

Please complete the quarterly financial report and include the completed financial report to this quarterly report, as an attachment.

Glossary:

Supportive Housing Services: All SHS funded housing interventions that include PSH, RRH, Housing Only, Housing with Services, Preventions, and RLRA Vouchers. This also includes shelter, outreach, navigation services, employment services or any other SHS funding to help households exit homelessness and transition into safe, stable housing.

Supportive Housing: SHS housing interventions that include PSH, Housing Only and Housing with Services.

Regional Long Term Rent Assistance (RLRA): provides a flexible and continued rent subsidy that will significantly expand access to housing for households with extremely and very low incomes across the region. RLRA subsidies will be available for as long as the household needs and remains eligible for the subsidy, with no pre-determined end date. Tenant-based RLRA subsidies will leverage existing private market and regulated housing, maximizing tenant choice, while project-based RLRA subsidies will increase the availability of units in new housing developments. RLRA program service partners will cover payments of move-in costs and provide supportive services as needed to ensure housing stability. A Regional Landlord Guarantee will cover potential damages to increase participation and mitigate risks for participating landlords.

Shelter: Overnight shelter, congregate shelter, alternative shelter, motel shelter, tiny houses, pod villages, recuperative centers, shelter, that consists of congregate shelter beds PLUS non/semi-congregate units. Shelter definition also includes Local Alternative Shelters that have flexibility around limited amenities compared to HUD defined overnight shelters. Includes in-reach services.

Recovery Oriented Transitional Housing, Stabilization Transitional Housing, Transitional Housing: Provides temporary lodging and is designed to facilitate the movement of individuals and families experiencing homelessness into permanent housing within a specified period, but normally no longer than 24 months. Requirements and limitations vary.

Navigation Center, Access Center, Day Center, Access Services: Provides indoor shelter during daytime hours, generally between 5am and 8pm. Primarily serve households experiencing homelessness. The facilities help connect people to a wide range of resources and services daily. Including on-site support services such as restrooms, showers, laundry, mail service, haircuts, clothing, nutrition resources, lockers, ID support, etc.

Outreach: Activities are designed to meet the immediate needs of people experiencing homelessness in unsheltered locations by connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility-based care. *Metro is using the HUD ESG Street Outreach model. The initial contact should not be focused on data. Outreach workers collect and enter data as the client relationship evolves. Thus, data quality expectations for street outreach projects are limited to clients with a date of engagement.*

Outreach Date of Engagement "Engaged": the date an individual becomes engaged in the development of a plan to address their situation.

Population A: Extremely low-income; AND have one or more disabling conditions; AND Are experiencing or at imminent risk* of experiencing long-term or frequent episodes of literal homelessness.

Imminent Risk: Head of household who is at imminent risk of long-term homelessness within 14 days of the date of application for homeless assistance and/or has received an eviction. The head of household will still need to have a prior history of experiencing long-term homelessness or frequent episodes of literal homelessness.

Population B: Experiencing homelessness; OR have a substantial risk* of experiencing homelessness.

Substantial risk: A circumstance that exists if a household is very low income and extremely rent burdened, or any other circumstance that would make it more likely than not that without supportive housing services the household will become literally homeless or involuntarily doubled-up.

The following list are HUD HMIS approved Project Types. Metro recognizes SHS programs do not align with these project types exactly, and value that flexibility. However, to ensure the interpretations and findings are based upon correct interpretations of the data in quarterly reports and HMIS reports, we will reference these Project Types by the exact HUD name.
Here are the HUD Standards if needed, https://files.hudexchange.info/resources/documents/HMIS-Data-Standards-Manual-2024.pdf

Permanent Supportive Housing, "PH - Permanent Supportive Housing (disability required for entry)": A long-term intervention intended to serve the most vulnerable populations in need of housing and supportive services to attribute to their housing success, which can include PBV and TBV programs or properties. Provides housing to assist people experiencing homelessness with a disability (individuals with disabilities or families in which one adult or child has a disability) to live independently.

Housing with Services, "PH - Housing with Services (no disability required for entry)":
A project that offers permanent housing and supportive services to assist people experiencing homelessness to live independently but does not limit eligibility to individuals with disabilities or families in which one adult or child has a disability. May include any other type of housing, not associated with PSH/RRH, that does include supportive services.

Housing Only, “PH - Housing Only”:
A project that offers permanent housing for people experiencing homelessness but does not make supportive services available as part of the project. May include RLRA Only programs.

Rapid Re-Housing, “PH - Rapid Re-Housing" (Services Only and Housing with or without services):
A permanent housing project that provides housing relocation and stabilization services and/or short and/or medium-term rental assistance as necessary to help an individual or family experiencing homelessness move as quickly as possible into permanent housing and achieve stability in that housing. May include Move-In Only programs.

Prevention, “Homelessness prevention”:
A project that offers services and/or financial assistance necessary to prevent an individual or family from moving into an emergency shelter or living in a public or private place not meant for human habitation. Component services and assistance generally consist of short-term and medium-term tenant-based or project-based rental assistance and rental arrears. Additional circumstances include rental application fees, security deposits, advance payment of last month's rent, utility deposits and payments, moving costs, housing search and placement, housing stability case management, mediation, legal services, and credit repair. This term differs from retention in that it designed to assist nonsubsidized market rate landlord run units.
