## **Regional Alignment in Homeless Services**

During the April Solutions Council meeting, Metro staff will join County staff to discuss regional efforts and the work of the [Tri-County Planning Body \(TCPB\)](#). After that discussion, we hope to understand member's thoughts on balancing regionalism in homeless services with flexibility to respond to the unique needs of local communities. Below are the discussion questions to consider ahead of that presentation.

- Regarding the [TCPB goals](#), what are the most important opportunities of regionalizing our homeless services work?
- Conversely, where is it most important to have local design and flexibility to serve the local community?
- What would you want the TCPB to work on next, after these goals? Are there other important bodies of work for regionalization?
- How does Solutions Council want to engage in regionalism?
