

West Union-Thompson Rd (153rd Ter to Bronson Creek Dr)

Sidewalk Infill

PROJECT INFORMATION

Project Background:

This project proposes to complete sidewalk gaps on the north side of NW West Union Road and NW Thompson Road between NW 153rd Terrace and NW Bronson Creek Drive. This project was selected because it has the potential to improve public safety and neighborhood connectivity. The project's cost is estimated at \$1.2 million and is funded through the Urban Road Maintenance District.

Street Classification: Urban Arterial

Posted Speed: 40 mph

Number of lanes: 2

Lane widths: 13 feet

Right-of-way width: 60-72 feet (varies)
