Glencoe Road AND WEST UNION ROAD INTERSECTION IMPROVEMENT

PROJECT FACT SHEET

Roadway Information:

- Existing Road Classification:
  - Glencoe Road (south leg of intersection) – Arterial
  - Glencoe Road (north leg of intersection) – Collector
  - West Union Road (east leg of intersection) – Arterial
  - Commercial Street (west leg of intersection) - Collector
- Existing Posted Speed:
  - Glencoe Road (south leg of intersection) – 35 mph
  - Glencoe Road (north leg of intersection) – 35 mph
  - West Union Road (east leg of intersection) – 40 mph
  - Commercial Street (west leg of intersection) – 25 mph
- Glencoe Road Daily Traffic Volumes: 7,000 vehicles/day (16% trucks)
- West Union Daily Traffic Volumes: 3,200 vehicles/day (18% trucks)

Project Goals:

- Consistent roadway cross section through the intersection
- Continuous bike and pedestrian facilities at intersection
- Improved road geometry and sight distance
- Design with future developments of the area in mind
- Utility and water quality improvements

Project Funding:

The project is funded through Washington County Phase 3f of the County's Major Streets Transportation Improvement Program (MSTIP).

Project Schedule:

- Survey/Preliminary Design: thru May 2026
- Final Design: May 2026 thru July 2027
- Permitting: August 2026 thru July 2027
- Rail Coordination: thru July 2027
- Right-of-Way: August 2026 thru July 2027
- Bid Advertisement/Award: August/Sept 2027
- Construction October 2027 thru Oct 2028
