# Scholls Ferry Road (Laurelwood Ave to 77<sup>th</sup> Ave)

This project will provide a continuous sidewalk along the north side of Scholls Ferry Road between 77<sup>th</sup> Avenue and Laurelwood Road.

- Project status:
  - Finalizing design – Summer 2023
  - ROW acquisition – Fall 2023
  - Contractor bid timeframe – Spring 2024
  - Construction start – Spring 2024
  - Construction completion – Summer 2024

\*Dates are estimates and subject to updating

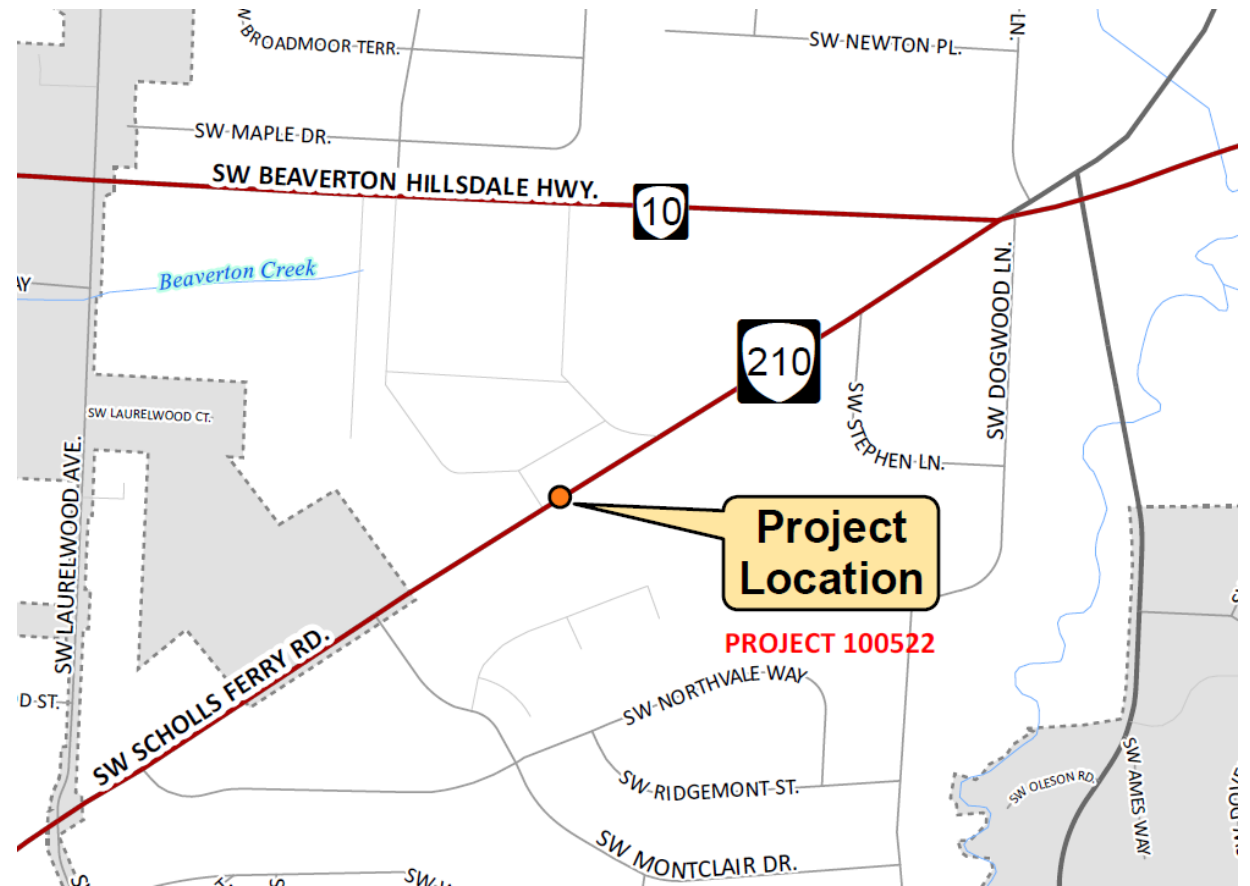

# Scholls Ferry Road at 77<sup>th</sup> Avenue

This project will provide a Rectangular Rapid-Flashing Beacon (RRFB) to alert drivers when someone is in the crosswalk.

RRFBs are crossing signals with blinking lights that turn on when a pedestrian presses a button.

- Project status:
  - Currently finalizing design
  - ROW acquisition – Fall 2023
  - Contractor bid timeframe – Spring 2024
  - Construction start – Spring 2024

\*Dates are estimates and subject to updating

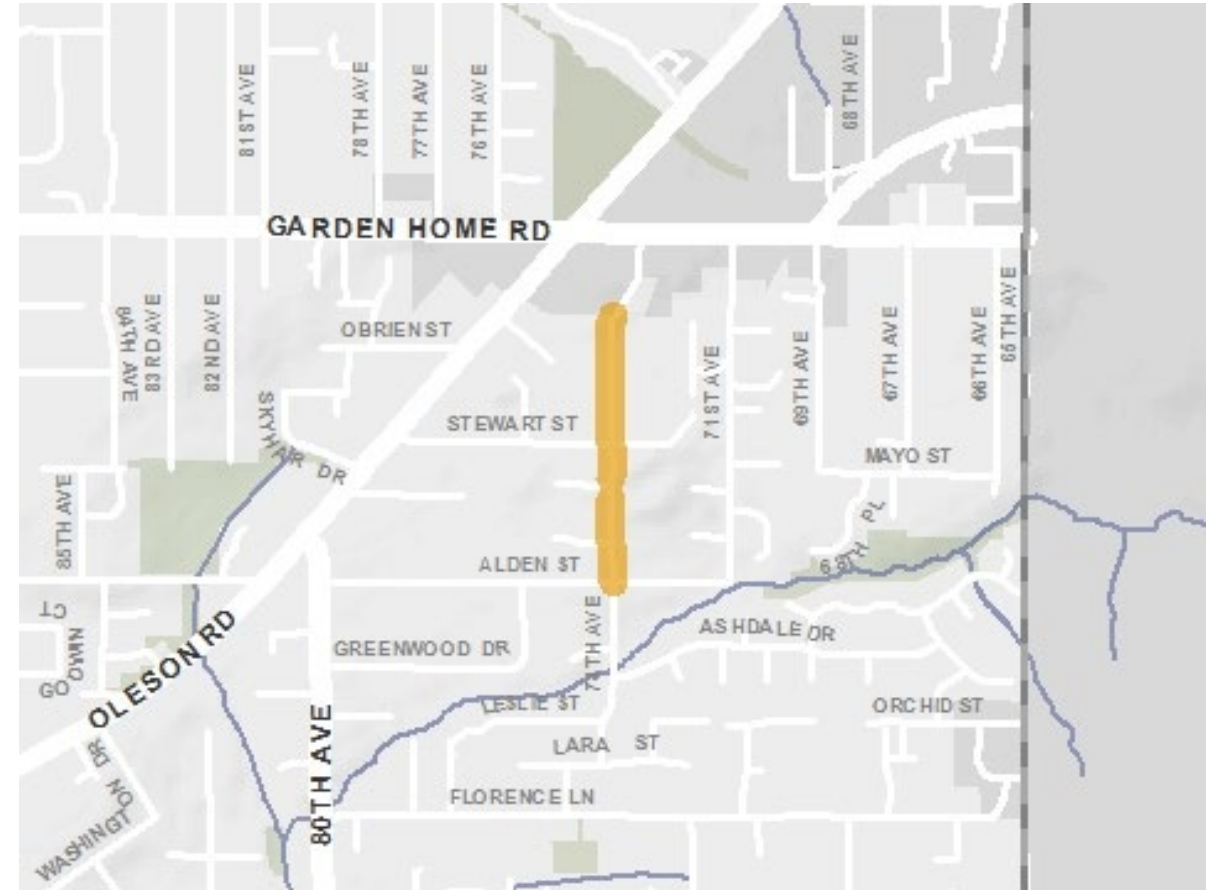

# 74<sup>th</sup> Avenue (Alden St to 7680 74<sup>th</sup> Ave)

This project will construct a separated sidewalk along one side of SW 74th Avenue.

- Project status:
  - Finalizing design
  - Currently acquiring ROW
  - Contractor bid timeframe – September 2023
  - Start construction – November 2023

\*Dates are estimates and subject to updating

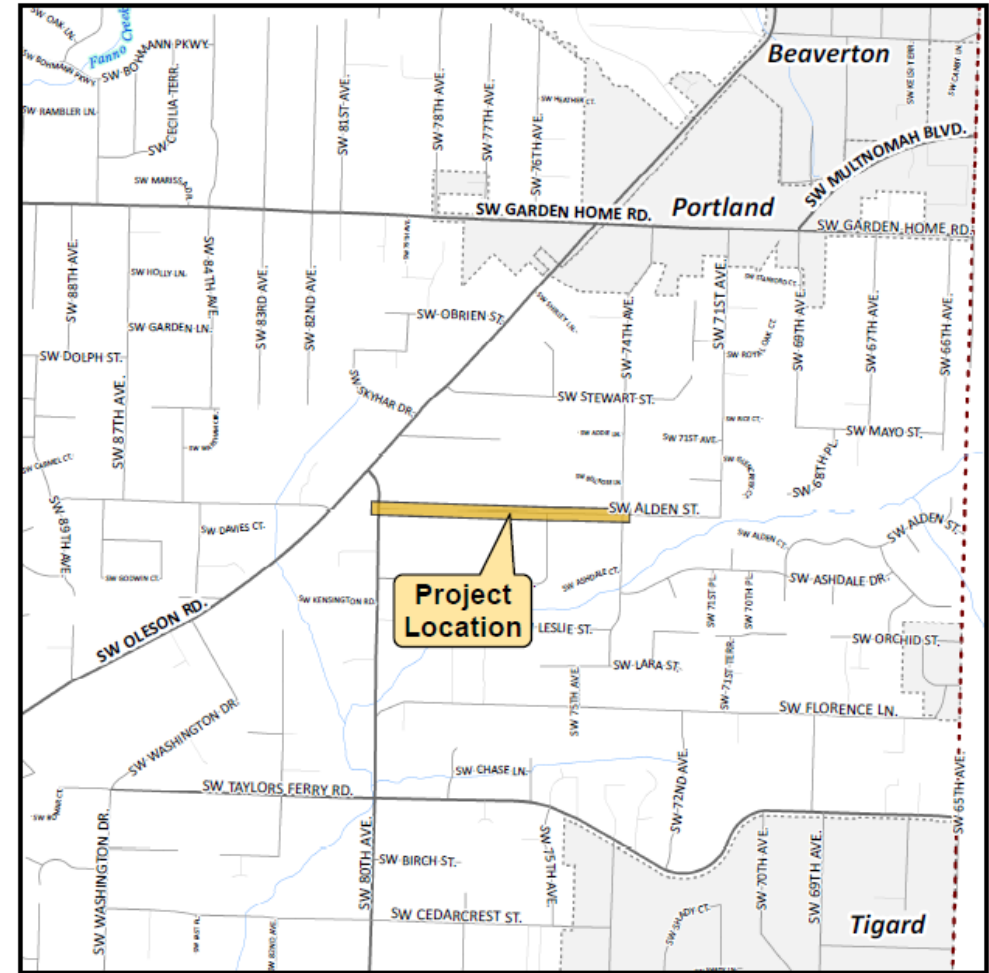

# Alden Street (74<sup>th</sup> Ave to 80th Ave)

This project will construct a separated sidewalk along one side of SW Alden Street.

- Project status:
  - Finalizing design
  - Currently acquiring ROW
  - Contractor bid timeframe – September 2023
  - Start construction – November 2023

\*Dates are estimates and subject to updating

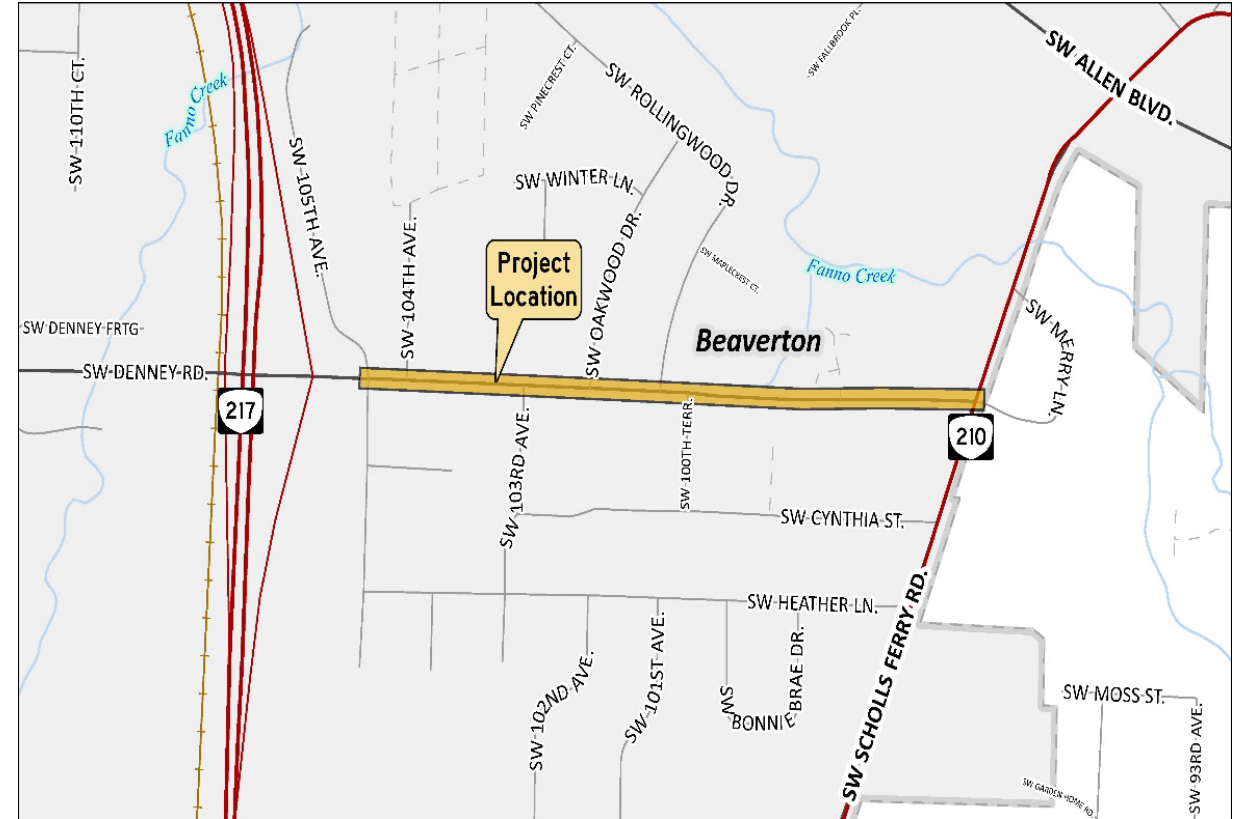

# SW Denney Road (SW Scholls Ferry Rd to SW 105th Ave)

This project will provide left turn lanes where needed, bike and pedestrian facilities, storm water improvements, and street lighting.

- Project status:
  - Two open houses have been held to date
  - Currently refining design alternatives to minimize impacts to properties and trees
  - The preferred alignment will be posted to the project website sometime in Fall 2023
  - Final design begins – Fall 2023
  - ROW acquisition start – Summer 2024
  - Construction start – Spring 2025

\*Dates are estimates and subject to updating

# Garden Home Road and 84<sup>th</sup> Avenue

An RRFB will be installed to alert drivers when someone is in the crosswalk.

This will provide crossing signals with blinking lights that turn on when a pedestrian presses a button.

Project status:

- Construction start – This month
- Construction finish – September 2023
- RRFBs will be active after completion of construction

\*Dates are estimates and subject to updating
