A joint presentation amongst several CPOs where it was also in hybrid format with about 20 people online. The topic was about the new CATT centers in Hillsboro and Beaverton that are set to open in late 2025. The centers are focus on whole and complete health where there are addiction recovery centers, mental health services, short term residential, detox area, cafeterias, etc etc. People who enter the facility come on their own voluntary accord and the facility is run by contracted health professionals. For more information see the website
